### Bombing of School Won't Stop Classes

### Clinton Students Will be Taken to Oak Ridge by Bus

Picture on Page 2

BY BILL RAWLINS

Clinton, Tenn. — The principal of integrated Clinton High school, which was wrecked Sunday by three bombs expertly set off in early morning fog, said today classes will be resumed tomorrow. W. D. Human said classes will be held in the undamaged gymnasium, the national guard armory and church school facilities until Thursday. After that, he added, the entire student body of 850 white and 11 Negro students will be transported by bus to a vacated school building in nearby Oak Ridge.

Accept AEC Offer

Human said the assembly was called "to tell the students what we plan to do." School officials quickly accepted an offer of the atomic energy commission for use of a vacant 25-room elementary school building at Oak Ridge while the building here is undergoing repairs. Oak Ridge is six miles west of Clinton.

Officials tentatively estimated damage to the bombed building at \$300,000. The rambling brick structure was built in 1927. Sixteen of its 20 classrooms were reduced to rubble by the explosions.

Clinton, a town of 4,000 population in the foothills of the Cumberland plateau, is 20 miles northwest of Knoxville. Five Anderson county officials flew here to Nashville Sunday afternoon to confer with Gov. Frank Clement, who promised them the fullest state aid in continuing classes and solving the bombing.

Agents of the Tennessee Bureau of Identification arrived in Clinton Sunday morning.

### Bob Turley Stops Braves on 5 Hits; Lew Burdette Driven Off Mound in Sixth Inning

New York — The New York Yankees knocked their nemesis, Lew Burdette, out of the box in the sixth inning today and crushed the Milwaukee Braves in the crucial fifth game of the World Series, 7-0.

Bob Turley yielded only five hits and struck out 10 in taming the Braves and keeping Yankee hopes alive. The Braves now lead, 3-2, in games and had they won today they would have taken the world championship for the second straight year.

Return to Milwaukee

Now the teams must return to Milwaukee for a sixth and possibly a seventh game. Tuesday will be an open day, and play resumes Wednesday.

Gil McDougald homered in the third inning for the first run.

The Braves went down in order, with Turley striking out Wes Covington for his sixth of the game in the fourth.

Jerry Lumpe smashed a single through Schoendienst's position in the Yankee fourth and Mantle followed with a single to right. Eddie Mathews then fielded Berra's hot grounder, stepped on third for a force of Lumpe, and tossed to Torre to complete the double play. Elston Howard flied out to center for the final out.

Spectacular Play

One of the most spectacular defensive plays of the series highlighted the start of the sixth inning. After Bruton had singled over short, Schoendienst lashed a short fly to left on which Howard made a running, diving catch. He bounced to his feet and threw to Skowron who tagged out Bruton, trying to run back to first. Mathews then singled but Aaron swung at a third strike.

Hank Bauer opened the sixth with a single down the left field foul line and after Lumpe was out trying to bunt, Mantle singled to center. Berra followed with a double to the right field corner, scoring Bauer. Howard was purposely walked, whereupon Bill Skowron singled to right, scoring Mantle. This sent Burdette to the show-ers. He was replaced by Juan Pizarro, who yielded a double to McDougald, scoring Berra and Howard. After Pizarro struck out Kutek swing-

### Bishop Bona to Say Mass for Founder of St. Therese Parish

The Rt. Rev. Msgr. M. A. Hauch, 72, pastor of St. Therese Catholic church since 1925, died Saturday afternoon at Holy Family hospital, Manitowish. He had been moved there from Appleton several weeks ago.

The office of the dead will be sung at 10 a.m. Wednesday at St. Therese church and the Most Rev. Stanislaus V. Bona, bishop of the Catholic diocese of Green Bay, will be celebrant for a solemn pontifical high mass at 10:30 a.m. A requiem high mass will be offered at 8 a.m. Wednesday for children of the school. Burial will be in St. Mary cemetery.

Other Rosaries

The body will be brought to the church at 7 p.m. tonight where it will be met by the parish. A parish rosary will be recited at that time and a vigil will be held until the time of service.

The Holy Name society will recite a rosary at 8 p.m. tonight. Christian Mothers society at 7:30 p.m. Tuesday and Knights of Columbus at 8 p.m. Tuesday.

### U. S. Welcomes Red China Offer To Cease Firing

Washington — The United States today welcomed red China's offer to cease fire in the Formosa strait and indicated U.S. convoys will stop if the shooting stops.

The cautious U.S. reaction was voiced in a statement by Christian R. Herter, acting as secretary of state in the absence of Secretary Dulles.

Herter said the offer "seems to move in the direction of a cease fire" despite heavy propaganda against the United States.

The Peiping broadcast of yesterday is "being carefully studied" by the United States in close consultation with nationalistic China, he said.

Herter said the United States hopes the red offer to suspend bombardment of nationalistic-held offshore islands "foreshadows a permanent cessation of their armed attack."

Herter emphasized that U.S. convoys have operated strictly in international waters, keeping three miles away from the offshore islands.

### Medical Bulletin Notes Improvement but Pontiff's Condition Remains Grave

BY FRANK BRUTTO

Castel Gandolfo, Italy — Pope Pius XII suffered a stroke today. A medical bulletin tonight said the pope's condition later "appreciably improved."

Text of the bulletin: "Since the medical bulletin issued this morning, the condition of the holy father has appreciably improved insofar as it concerns the circulatory disturbances of this morning. Most opportune and urgent treatments are being carried out. The constitution of the holy father has shown once again its great resistance."

"There is need for further observation before issue of the final prognosis."

The 82-year-old pontiff was stricken at his summer residence here.

The stroke was said unofficially to have had a paralyzing effect, at least partially. The night medical bulletin

made no reference to this condition, however.

"All is in the hands of God," a physician reported from his bedside.

The pope's great stamina, which brought him through a grave illness in 1954, asserted itself again.

Msgr. Angelo Dell'Acqua, substitute secretary of state, visited the pope a few hours after the stroke and reported a slight improvement in his condition. He emphasized, however, that his condition continued grave.

Informants at the press office in Vatican City said extreme uncton, the church's last rites for the dying, had been given the pope. Here at Castel Gandolfo Msgr. Dell'Acqua said that to his knowledge extreme uncton had not been given.

The pope weakened suddenly during the night after showing improvement from an attack of gastritis, complicated by hiccups. The hiccups that had bothered him for several days vanished.

Then at 8:30 a.m. he suffered a circulatory cerebral attack, a bulletin from his physicians reported.

Unofficial sources said the pope was paralyzed and could not be moved from his summer palace to Vatican City, where facilities for treatment are better.

Specialist Called

Dr. Antonio Gasbarrini, a specialist from Bologna, was called to the pope's bedside. This underscored the gravity of the condition of the spiritual ruler of nearly half a billion Catholics.

At about noon, according to unofficial reports, the pope roused briefly from his coma, opened his eyes and murmured a few words.

The pontiff's immediate family, including his nephews and nieces, were ushered to an antechamber of the pontiff's bedroom.

Vatican sources gave this sequence of events in the second serious illness in four years for the aged pontiff.

Only yesterday the pope addressed a special audience at his summer residence against the advice of his private physicians.

Last night the pontiff suddenly weakened while being treated for the gastritis and hiccups. He was being given a stomach wash in an effort to clear up the troublesome gastritis. This was caused some time ago after he had swallowed some dental medication while having a tooth treated.

Physicians Confer

Unexpectedly, while the stomach washing was underway, the pope suffered a spell of extreme weakness. The cerebral attack followed.

Dr. Gasbarrini, the Bologna specialist, was in consultation with the pope's private physician, Prof. Riccardo Galeazzi-Lisi. After this consultation Gasbarrini told reporters the case was in the hands of God.

A worldwide plea for prayers for the pontiff's recovery was broadcast by Vatican radio.

The pontiff's vicar for the city of Rome, Clemente Cardinal Micara, urged priests

### De Gaulle and Advisers Meet

### Premier and His Cabinet to Map New Election Law

Paris — Premier Charles de Gaulle returned to his desk today after a 2,500-mile political swing that faintly outlined policies of the new-born fifth republic.

He called cabinet ministers together for a series of meetings this week, to spell out, among other things, a new election law. The law was made necessary by the proclamation of the fifth republic yesterday and the repudiation of the old legislature.

The 67-year-old wartime leader's patriotic speeches on his 4-day tour through Algeria, Corsica, Marseille and Lyon showed that at least he had opened the door to peace in Algeria and stability at home.

Pledges Improvements

The reaction in Algeria, however, remained a big question mark.

He promised massive social and economic improvements to the Algerians—but not independence.

Drawing massive crowds throughout the tour, the gangling premier made plain to dissident Frenchmen in Algeria that they would have to accommodate themselves to this personal power.

Domestically, De Gaulle was less plain, outlining in speeches and private talks a hard-work, belt-tightening program to restore France as a big power.

## Appleton Boy Dies As Auto Hits Tree

### James Van Lyssel, 19, One of 6 Killed in State on Weekend

(Picture on Page A-13)

An Appleton youth, James Van Lyssel, 19, of 1713 W. Rogers avenue, was one of six persons killed in auto accidents in Wisconsin during the weekend. The deaths brought the 1958 toll to 603, compared with 672 a year ago.

Van Lyssel was killed instantly when his car left Highway 47 at Grmeiner's road in the town of Menasha early Sunday morning and hit a power pole and tree.

The car was partially wrapped around the tree with Van Lyssel pinned inside.

Winnebago county police said Van Lyssel, going north in a 1958 model car, went off

the road at the curve, traveling 223 feet on the wrong side before striking the pole.

The pole snapped off 10 feet from the ground and the car continued an additional 20 feet before it hit the tree.

Car Parts Scattered

Parts of the car were strewn about. The battery was found 60 feet ahead of the car, parts of the motor 45 feet away in another direction and the windshield and broken section of the utility pole were 50 feet away.

Lindy's ambulance was called but attendants were unable to remove the body until a wrecker pulled the car away from the tree.

Wires from the broken pole dropped within six feet of

### New Storm Alert Issued

### South Atlantic Warned to be Set For Hurricane

Miami — Tropical storm Janice was building up toward hurricane force today and the weather bureau alerted the whole south Atlantic coast to watch closely for developments.

At 11 a.m., top winds in the fast-moving storm were up to 65 miles an hour, only 10 short of hurricane strength.

The storm was then centered only 190 miles southeast of Miami.

"The strong area of high pressure moving eastward north of the storm renders the movement of the storm during the next 24 to 36 hours rather uncertain, therefore interests along the south Atlantic coast should keep in close touch with future advises," the weather bureau advisory said.

Gale winds extended out 165 miles to the east of the storm center and 115 miles westward. Winds up to 40 m.p.h. were clocked near the Florida coast.

Gradual intensification was expected to continue and continued movement in a north-northeast to northeast course was forecast.

"The northwestern Bahamas should be on the alert for an increase in hurricane intensity and all small craft should seek protected areas," the advisory said.

"Small craft from Cape Hatteras southward through the Florida keys should remain in port. Seas outside will be rough and tides from Cape Canaveral northward will be one to two feet above normal."

Taipei, Formosa — A mission air and sea search for a missing Chinese Nationalist flying boat was called off Sunday night. Seven Chinese and four Americans, including an officer from Wisconsin, were aboard the Formosa bound Catalina of Foshing Airlines which vanished last Thursday.

## Seawolf, Atomic Sub, Surfaces After Being Submerged 60 Days

Aboard U.S.S. Skylark —

The atomic submarine Seawolf surfaced 15 miles south of Block Island at 11:45 a.m. today, ending a record 60 days under water.

She foamed to the surface of Long Island sound in calm seas for her 116-man crew's first contact with the earth's atmosphere since she submerged Aug. 7.

The hatches were open. Two or three men stepped out, breathed deeply and waved.

Over 13,700 Miles

Nearby another submarine, the Nautilus, was standing by and radioing congratulations. Among the first to step out was the Seawolf's skipper, Comdr. Richard B. Laning. The Seawolf had logged more than 13,700 nautical miles in the ocean depths, traveling nonstop within a 200-mile radius for the 2-month period.

Comdr. Laning radioed the home port. Seawolf will be navy in advance of his re-carrying potential answers to turn that he considered "this many questions:

Can man easily endure such an extended period without contact with the atmosphere? How long could he do so? Is it practical for a submarine to act as a semi-permanent underwater missile launching station? What problems remain to be solved?

Space Travel Issue

The answers could have impact on space travel as well as military planning.

How do men react to their fellows in such circumstances? Psychologists will be interested.

But the answers to the weighty questions are of secondary importance to some in the welcoming party waiting ashore at the state pier here—the families of the men.

### Russia Protests Against TV Show

Washington — Soviet Ambassador Mikhail Menshikov formally protested today against a television show about Stalin's death. He called it "a filthy slander against the Soviet Union."

Menshikov delivered his protest to Deputy Undersecretary of State Robert D. Murphy during an unannounced half hour call at the state department.

Menshikov told newsmen he protested a CBS television drama, "The Plot to Kill Stalin," shown Sept. 25.

"I voiced a violent protest against this provocative action," Menshikov told newsmen. "That was a filthy slander against the Soviet Union and the Soviet government."

Menshikov, reading from a piece of paper, added: "This kind of slanderous attack is incompatible with international standards and inadvisable in normal diplomatic relations between two countries."

Ten-Year-Old Paul Hart, Provo, Utah, also was injured in a mountain fall. Young Hart was hiking with his father when he fell 50 feet down a boulder-studded cliff and landed submerged in a creek. A Los Angeles man pulled him to safety. The fall occurred only two miles away from the rescue operations for Doug Chapman, 17, who was stranded atop Mt. Olympus near Salt Lake city. The 10-year-old suffered a broken leg and severe cuts.

### Ives Recovering From Light Stroke

Washington — Sen. Irving M. Ives (R-N.Y.), recovering from a slight stroke, today described himself as "feeling pretty good."

When a reporter telephoned George Washington hospital to inquire about Ives his call was switched to the 62-year-old senator's room. Ives answered the call.

Speaking cheerfully, Ives said "I'll be more than happy when the doctors let me out of here."

Ives first became ill last Wednesday while watching the opening world series game on television in his apartment here. At first it was thought his illness was due to a slight rise in his chronic high blood pressure. He entered the hospital Friday.

Mrs. Ives confirmed yesterday that her husband, who is not seeking reelection, had experienced the slight stroke.

# Red China's Artillery Silent, Ships Unload

Cease Fire Order Coupled With Call for Chiang to Negotiate Directly on Off-Shore Islands

BY SPENCER MOOSA

Taipei —(U)—Red China's guns remained silent today while a big American-escorted convoy unloaded supplies at Quemoy.

A 7-day cease-fire, effective last midnight, on the condition that the United States stop escorting nationalist Chinese convoys to the embattled island was announced by Peng Teh-huai, Red China's defense minister.

The cease-fire order was coupled with a call to nationalist President Chiang Kai-shek to negotiate directly on a settlement over Formosa and the offshore islands.

In an interview with Cecil Brown of NBC, rejected any such direct negotiations with the communists. He said the "Peiping announcement was a "trick and deception," and he hoped the United States would continue to escort nationalist supply convoys with its 7th fleet warships.

**Aimed at Split**  
Sampson Shen, Chiang's information director, declared the purpose of Peiping's order was to create a split between Taipei and Washington — and a split appeared to have been the result in the

first reaction of officials in the two capitals.

Shen declared the nationalists distrusted the communist cease-fire and would ignore it. He said there would be no withdrawal of the nationalist request for American escorts.

Washington officials, however, privately expressed their delight even at the limited and conditional cease-fire. Washington reports said a rejection of Peiping's announcement was out of the question. These reports pointed out that with a cease-fire the reason for American escorts ceased to exist.

Both President Eisenhower and Secretary of State Dulles have emphasized the central policy of getting a cease-fire in Formosa Strait and of not bowing to force.

In Washington a link was seen between Peiping's order and a sharp statement by Soviet Premier Khrushchev Sunday declaring Soviet Russia would not be drawn into an all-Chinese war on the side of red China unless the United States attacked the communist regime. As Washington saw it, Khrushchev was tugging Peiping back from the brink.

High-ranking nationalist and American officers met to consider the new situation. American sources said a recommendation would come from the conferences on whether to continue or withdraw American escorts.

An official of the U. S. Taiwan (Formosa) defense command, said the final decision, would probably be made by the national security council in Washington, and would depend upon "basic American interests" with "strong consideration" given to the nationalist viewpoint.

The fact that the nationalist convoy arriving at Quemoy early today was accompanied to the 3-mile limit off the island by American warships did not mean a decision had been made.

## Man Killed by Blast Despite Warning

Huntingdon, Pa. —(U)—Harry Shankle was advised to take cover Sunday by some workmen who were preparing an explosive charge on a pipeline construction project.

The 47-year-old Conemaugh, Pa., resident, stood behind a tree some 400-feet from the scene of the impending blast at the Raystown branch of the Juniata river.

A few minutes later a rock hurled by the explosion, crashed through the branches of Shankle's refuge and hit him on the chest, killing him instantly.

## Strikes Still Throttle GM Auto Empire

Local Grievances Keep Plants Closed Across the Nation

Detroit —(U)—General Motors heads into a new week today with labor trouble still blocking its effort to get back into the 1959 auto production race.

Despite a national agreement with the United Auto Workers, GM's vast empire of car-making plants from coast to coast has been shut down almost completely by local disputes.

Talks continued over the weekend at most of GM's 126 plants in 71 U.S. cities, striving to get the 275,000 production workers of the UAW back on their jobs.

Two local settlements have been reached affecting 6,500 workers.

An agreement was reached today at Lockport, N.Y., where two Harrison radiator division plants employ 4,000. GM said partial operation would be resumed there today and full production tomorrow.

UAW local 696 and management reached agreement at the parts - making Moraine products division plant employing 2,500 at Dayton, Ohio, yesterday. They went back to day.

GM expected other settlements around the country today and hoped for a resumption of full production later this week.

The UAW and GM came to terms on a new 3-year national contract last Thursday night when a companywide strike was 12 hours old.

**Not Unusual**  
But then, instead of going back to work, the auto workers stayed out with the blessing of UAW President Walter Reuther to demand settlement of local grievances left unresolved since the old contract expired four months ago.

It is not unusual for a companywide strike — even a short one — to reverberate in the form of local walkouts for as much as two weeks.

But this is the first time in the two decades of the UAW in the auto industry that local walkouts completely shut down a giant firm's factories after a national settlement.

Chrysler corporation, which agreed on the major sections of a new contract with the UAW the day before the GM strike started, still had trouble with local walkouts.

Over the weekend 22,400 of Chrysler's 70,000 UAW members were idle at 16 plants because of strikes.

Only Ford Motor company, the first of the big three to come to terms with the UAW, was without a strike.

These Two Clinton, Tenn., High school classrooms were wrecked by dynamite explosions expertly set off early Sunday. Enforced integration started two years ago but there had been no previous disturbances this fall. Ten Negroes and about 850 white students are enrolled at the school. Damage was estimated at about \$300,000 but no one was injured.

## 'Dying of Thirst'

# Youths Tell Story of Long Wait For Rescue Atop Mountain Peak

Salt Lake City —(U)—"It was a long time . . . oh, it seemed like such a long time."

Doug Chapman, 17, lay in a rocky saddle formed by twin peaks of 9,017-foot Mt. Olympus, for 17 hours before help arrived with a few swallows of water.

Chapman, barely able to talk, told his story of pain and anxious waiting yesterday from his bed in Latter-Day Saints hospital.

Doug fell from a cliff near the top of rugged Mt. Olympus, towering at the southeastern edge of Salt Lake City. LeRoy Franke, 16, stayed with him. Kit Sallenbach, 17, scrambled down the treacherous slopes for help.

**Rescue Party**  
It took 13 hours after the boys were joined by the rescue party before Doug was safe in a hospital bed. "I was dying of thirst," said Doug. "I needed water . . . our fire was burning it out of me. . . I was getting drier and drier."

The three boys reached the

Hobbs, N. M. —(U)—Two men were dead and a half dozen houses destroyed by fire today in the aftermath of a high pressure gasoline explosion.

The explosion was touched off Saturday when a bulldozer slipped into a gasoline pipeline in a Hobbs residential area, spraying the neighborhood with flaming gasoline.

The victims died yesterday with burns over 90 per cent of their bodies. They were A. O. Hardin, 49, and M. R. Dodson, 33.

The fire was extinguished after seven hours.

# Soviet Leader Asserts Russia Wants No Part Of Chinese Civil War

Khrushchev's 'Interview' Looked Upon as Important Development

BY WILLIAM L. RYAN

Washington —(U)—Nikita Khrushchev's remarkable one-question, one-answer interview yesterday has the look of an extremely important development in the Far East crisis.

The Soviet premier and party boss called in the news agency Tass to tell the world Moscow has not the slightest intention of getting into the fight between the Chinese communists and the Nationalists on Formosa.

It is plainer than ever now that Moscow is worried by the Formosa crisis. It is highly likely Khrushchev's words were meant particularly for the ears of the Chinese communists.

These interviews do not come about by accident, or through the enterprise of some Soviet reporter. Tass is an instrument of Soviet policy. For all practical purposes, it is part of the Soviet foreign ministry. A statement like this, distributed by Tass, carries as much weight as a formal diplomatic note.

Khrushchev was obliged to use an oblique approach in his warning to Peiping. He seemed anxious to leave the red Chinese with no illusions regarding the extent to which

Moscow is committed to help them militarily under the 1950 Sino-Soviet treaty.

Khrushchev accomplished his purpose in this way: He quoted President Eisenhower's Wednesday news conference comment questioning red China's calling the Formosa Strait shooting only a civil war. The president had said that if it was a civil war, he wanted to know why Khrushchev indicated the Soviet Union was ready to take part in it.

Khrushchev leaped to the opportunity. Acting the part of a man hitting the ceiling at "tricks" of his antagonists, Khrushchev thundered that he never did say any such thing. What did he say, then?

In Khrushchev's own words, he has not given the slightest hint that the U. S. S. R. is ready to take part in a Chinese civil war. The U. S. S. R. would come to red China's help only if the red Chinese were attacked "from without," or "speaking more concretely, if the U. S. A. attacks the Chinese people's (communist republic)."

What goes on, says Khrushchev, is indeed a civil war, and thus an internal Chinese affair.

This spells it out for Peiping. If the red Chinese go too far, if they attack and are met by force, the Soviet Union reserves the right to avoid involving itself in a war with the United States. Only if the United States attacks is the U. S. S. R. obliged to come to red China's help with military support.

## Begin Study of Ways To Improve Safety At Nike Installations

Washington —(U)—A special Pentagon-appointed committee starts today considering ways to improve safety measures at Nike sites and other army air defense installations in the United States.

Appointment of the 5-member committee was announced Saturday by Secretary of the Army Brucker. The panel is headed by Clifford F. Hood, president of the U. S. Steel Corp.

Brucker told of the new committee in a letter to Sen. Henry M. Jackson (D-Wash.), member of a senate subcommittee which looked into a chain explosion of eight Nike antiaircraft missiles near Middletown, N. J., last May. In the blasts, 10 persons were killed and three hurt.

The army secretary said the committee has been assigned the job of making recommendations on safety features of Nike warheads, operating procedures, methods of transporting missiles and warheads, and like matters.

## Oilman Goes Hunting, Thieves Bag Limit

Dallas —(U)—While Oilman Paul D. Smith was big game hunting in Canada, burglars bagged the limit at his fashionable north Dallas home.

Cracking a floor safe and a strongbox, the burglars took jewelry, a costly coin collection and 25 rare antique guns. Detectives said they would not be able to determine the exact loss, estimated in the thousands of dollars, until Smith returns from Canada and Mrs. Smith returns from the World series.

## Three Prelates Listed as Papal Possibilities

Generally Expected New Pope Would Be an Italian

Vatican City —(U)—In the event of Pope Pius' death the College of Cardinals will select a new pope.

Among the possibilities are: Msgr. Giovanni Battista Montini, 61. He has served as a secretary of state at the Vatican and as archbishop of Milan.

Gregory Peter Cardinal Agagianian, 62, pro-prefect of the congregation for the propagation of the faith (the high post the late Cardinal Samuel Stritch of Chicago was to have filled). He is patriarch of the Armenians.

Eugene Cardinal Tisserant, 74, dean of the College of Cardinals.

Cardinal Agagianian was born in what is now the Georgian republic of the Soviet Union. Cardinal Tisserant was born in France. Msgr. Montini is the only one of the three listed above who is Italian—as have been all the popes of the last 400 years.

Italians since 1946 have not had a majority among the cardinals, but it is still generally expected at the Vatican that an Italian will become the next pope.

All forecasts, of course, must be qualified since the College of Cardinals, when it retires to the Sistine chapel to select a new pope, can choose anyone it desires.

There are 55 cardinals and their average age is 72. It takes a two-thirds vote, plus one, of those present to elect a pope.

Mrs. Harriet Hann Hicks, 52, died in a Mexico City hospital from effects of a poison forced on her by a stranger. She was found unconscious on a wooded path off the highway to Puebla.

# Fall, Winter Rec Program Plans Start

**Director Reports On Events Set for Children, Adults**

Kaukauna — Plans are being completed for the fall and winter recreation program for children and adults, according to James Gertz, recreation director.

Already underway are dancing and art classes for children and bridge classes for adults. First major event for the youngsters will be the annual Halloween party, Oct. 31. Children will parade in costumes, receive free treats and then be taken to either the north side or south side theaters where movies have been arranged.

Bowling lessons for teenagers and the formation of a teenage league will get underway about Nov. 1. Keglers will again compete at Verbeten's alleys but a morning schedule will be followed rather than the usual afternoon program.

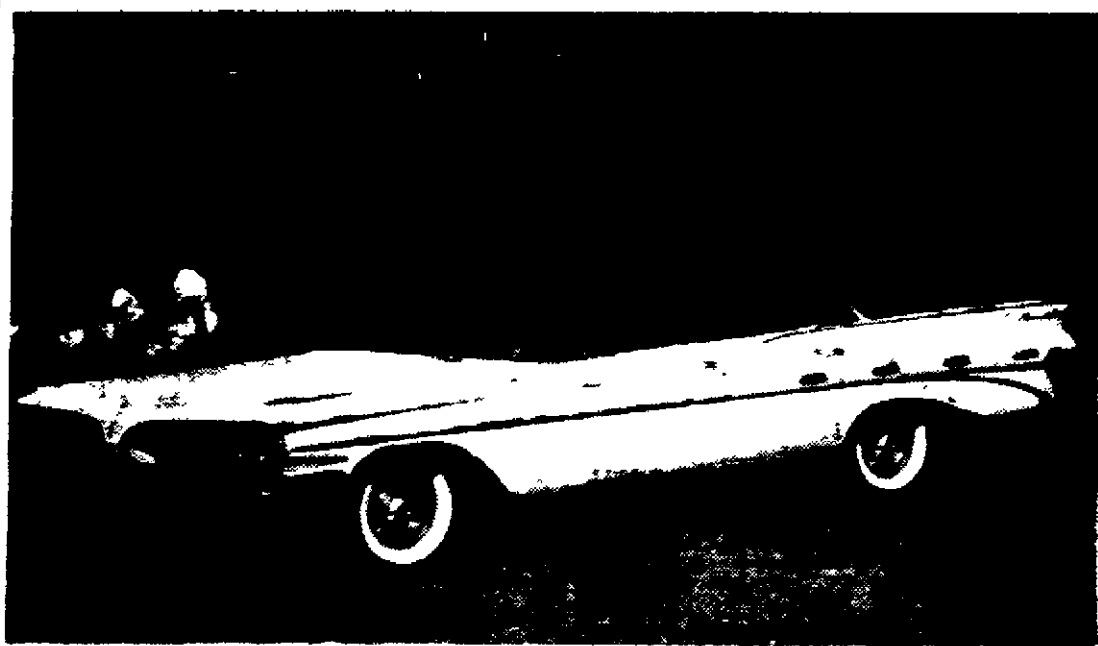

**Basketball Leaps**  
The city basketball league will again be organized for young men with city business places to sponsor teams. Action will start about Nov. 15, although preliminary meetings are planned with the recreation director to outline a schedule, agree on rules and discuss formation of teams.

The Golden Agers will hold their annual Christmas party on Dec. 17 and plans are underway to have a guest speaker and other entertainment. Winter activities will include the ice carnival and toboggan parties. The latter will be open only to high school students. Plans call for the ice rinks to open in December, weather permitting.

## Rural Kaukauna Man Fined for Disorderly Conduct at Accident

Kaukauna — George E. Fischer, 38, route 2, Kaukauna, was found guilty of disorderly conduct and paid a fine of \$25 and costs when arraigned before Oscar T. Jahn, justice of the peace, Friday night.

Fischer was arrested by Kaukauna police while investigating a minor accident in which he was involved.

The 1959 Pontiac Station Wagon offers padded instrument panel, aluminum seat and side panels and door reflectors. The cargo area is carpeted. The auto features increased power in two engine models. It has power steering and power brakes.

## State K of C Chaplain Party Set for KHS Students To Talk on Landing Day After Parade

### Annual Party Planned Sunday At Hollandtown

Kaukauna — The Rt. Rev. Msgr. James E. Kelly, rector of St. John Cathedral, Milwaukee, will speak at the annual Landing day dinner-dance of the Kaukauna

Msgr. James Kelly

### United Church Women Plan Rummage Sale At Chicago Corners

Kaukauna — The Women's guild of Immanuel United Church of Christ will sponsor a rummage sale at Chicago Corners starting at 9 a. m. Tuesday.

In charge of the sale are Mrs. Leo Verkuilen, Mrs. Nicholas Schomisch and Mrs. Herbert Fassbender.

### Correction

Kaukauna — John Bloch won the junior title in the Fox Valley Golf club tournament not Tom Gossens as reported in Friday's Post-Crescent. Bloch won 5-up with four holes to play, defeating Gossens in the final match.

## Pontiac Has Lower Body

**1959 Model Offers Increased Power, Hydramatic Shift**

Lower, wider bodies and a more powerful engine are featured in the 1959 Pontiac.

The engine is offered in a selection of regular fuel, low compression, or premium fuel, high compression units. Horsepower has been increased and the new engines are available in four basic options with compression ratios of 10.0 to 1.

Automatic transmission will be available with all 1959 models. The gearshift will be located on the instrument panel above the steering column.

Also available will be power steering and power brakes. A rear-seat heating duct is featured in the 1959 heater-defroster unit. Push button controls to the right of the steering column activate the dash-mounted heater.

The car features a larger air-conditioning condenser and evaporator. New outlets have increased air flow. Vacuum-operated temperature and blower fan controls are located to the left of the steering column.

A new type of speedometer enables speed selection settings upward from 15 miles per hour. It has audible and visual warning signals when the set speed is exceeded.

Other features include a non-slip differential designed to deliver power and traction to the wheels under adverse road conditions. Improvements have been made in the carburetor.

Additional accessories include a new electric windshield wiper and washer system, dual exhausts, newly styled outside rear view mirror, rear speaker system and a rear power antenna.

### Guests Attend WCOF Meeting, See Slides At Little Chute

Little Chute — Guests from Appleton, Kaukauna and Kimberly courts attended the meeting of the Women's Catholic Order of Foresters at the grade school social room.

Selected One of the Outstanding Carrier boys for the Post-Crescent was Greg Russo looking over some of his models which he makes as a hobby. Greg, a freshman at Kaukauna High school, hopes someday to become a dentist.

## Greg Russo Recognized for Work Done as Paper Carrier

Kaukauna — Selected as one of the Post-Crescent's outstanding carriers to be given recognition during National Newspaper week was Greg Russo, son of Dr. and Mrs. John Russo, route 3, Kaukauna.

Greg has been a paper boy for two and one-half years and says he enjoys his work despite having a route which includes 50 customers spread over a one and one-half mile area. It takes Greg about 45 minutes to tour the route when using his bicycle and considerably longer in bad weather when the trip has to be made on foot.

In observance of National Newspaper week, the Post-Crescent is carrying a series of articles about six of the outstanding carrier boys in its circulation territory. Today's article is about Greg Russo, a carrier in Kaukauna.

A freshman at Kaukauna High school, he hopes some day to become a dentist. He was one of the boys who earned a trip to Chicago earlier this year for securing new cus-

# Unions Emerge as Issue in Election

## Both Democrats, Republicans Say They'll Switch; Feelings Run High

**BY SAMUEL LUBELL**  
Not only in California but in at least a half-dozen other states the role of labor unions is emerging as perhaps the most explosive single issue of the entire election.

In Ohio and Indiana factory workers who were "born Republican" told me angrily they would vote Democratic this fall because "the Republicans have sold labor out with these right-to-work laws."

In Minneapolis and St. Paul, on the other hand, hitherto staunch Democrats talked of voting against Gov. Orville Freeman, the Democratic Farmer-Laborite candidate, because "we've got to do something about these labor racketeers and the Democrats never will act."

Except for the China crisis, no other issue seems capable of shifting more votes between now and election day.

In previous years my interviewing has shown a sharp cleavage between workers and white-collar employees in their attitude toward labor unions. In the current election these economic barricades still stand. But what is different this year is the relative intensity of feeling on each side.

**Strong Feelings**  
Among white-collar, non-union voters, sizable majorities

feel "we must stop this corruption" and that "labor has to come off its high horse."

Retired persons in particular complain that "unions are going too far in demanding all these wage increases. They only jack up all prices which is hard on people who are no longer working."

In battling the right-to-work proposals, the labor unions have tried to convince the public that if the union shop is made illegal the eventual result will be a breakdown of wage standards and a return to working conditions of the depression '30s.

"They're trying to bust our unions so we'll have to work 12 and 14 hours a day!" exclaimed an irate mechanic in Indianapolis.

In Cleveland a 32-year-old electrician, who had voted for Eisenhower twice, demanded, "Why did they bring up this right-to-work law at this time? Is it because so many of us are out of work that they think they can beat us down?"

Other workers feel "we'd be cutting our own throats if we voted to outlaw the union shop." As one mechanic in Dayton, Ohio, explained, "In my company with 10 years seniority I'm pretty sure of my job. If a man didn't have to belong to a union the company could hire anyone and I'd never know when a younger man would come in and push me out."

Such fears are proving strong enough to overcome some of the antagonism unions have stirred.

**Four of Five**  
Of the union members I interviewed in California, Ohio and Indiana, four out of five opposed right-to-work. Among the minority who favored outlawing the union shop the main arguments ran "no one should have to pay tribute to hold a job" and "if labor bosses know a man can quit the union they'll pay tribute to his grievances."

Other workers were angry

ed over some specific act of "union dictatorship." In San Francisco a youthful taxicab driver exploded, "These union leaders even tell you where to get your hair cut! I don't make the kind of money to pay these new haircut

prices. But our union boss says they're going to have us watched and a man who reports us going into a non-union barber shop won't be a snitch but a good union man."

In Bartholomew county, Indiana, a 34-year-old farmer talked of switching to the Democrats "because I can't understand how Eisenhower keeps Extra Menon in there." Then this farmer added, "But I don't like these labor fellows getting any more power. I sometimes wonder who's causing us more harm, Reason or that Jimmy Hoffa."

Often the two feelings—the desire to "clean up the unions" and the fear of de-

stroying them—clash within the same person.

The young wife of a Minneapolis teamster spoke freely of the troubles her husband had experienced in his local. "Some of these unions are corrupt," she complained. "There's no way of getting a crooked leader out. My husband never got a chance even to vote on Hoffa."

**Can't Lose Unions**  
"But," she went on thought-

fully, "I wouldn't want something like a right-to-work law. We don't want to lose our unions. We'd rather keep them the way they are than have them destroyed."

Again, a 24-year-old clerk in Ohio, who did not belong to a union, said, "Years ago the industrialists ran over labor. Now the unions are running over the industrialists. We need a balance, but how do we get it?"

That question probably sums up how the balance of feeling in the country runs. Most people want "something" done to curb the power of organized labor. But what that "something" should be divides much of the electorate.

Victory for 'Metro'

For months the eyes of the nation's municipal officials, city planners and citizens interested in more efficient and effective local government have been turned toward Dade County, Fla., where a historic experiment in metropolitan government is being carried out. Dade county includes the great cities of Miami and Miami Beach plus a host of smaller municipalities which make its map look like a crazy quilt patched by a boozey seamstress. The metropolitan area was afflicted by the jealousies, rivalries, duplications and gaps in governmental services that have become so typical of this country's large urban concentrations.

A year ago the voters of Dade county approved a plan whereby their county government became, in effect, a metropolitan government which was given certain powers that formerly belonged exclusively to the municipalities. Powers relating to the overall problems of the area — planning, highways, sewage and water systems and the like — were vested in "Metro," and in addition it was given authority to step in whenever a municipality failed to meet certain minimum standards in providing local governmental services. This "Miami plan" was patterned somewhat after the famous Toronto plan but had certain special characteristics of its own, the most important of which was the fact that the already-existing county government was made the metropolitan government, thus avoiding the creation of a new governmental level.

Steinle Speaks Out

For a major party nominee for the high office of United States senator, Roland J. Steinle has received surprisingly little "ink" in Wisconsin's press. This is because he apparently has said or done little to warrant the public's attention. We fear a great many voters have received the same impression we have — that he is an amiable fellow who wants to be senator, and who hasn't made anybody very mad at him yet.

In a speech at Burlington the other day, however, Republican Steinle spoke out on foreign policy in words that deserve a great deal of attention. With obvious reference to the situation in the Formosa Strait, and the bitter criticism of our policy there that has emanated from the Democratic press, he said:

Any place is the wrong place and any time is the wrong time to substitute a backbone of jelly for a backbone of concrete.

Dividing the Fruits of Industry

The great and continuing argument between labor and management over the earnings of industry may never be settled, but the time will come when we will understand it better than we do now. There is a danger in referring to the interest on bonds or the dividends on stocks as unearned income. That term implies that the investors have contributed little or nothing to the production process and thus are not entitled to share in the earnings on the same basis as labor.

Such ideas are advanced not only in support of higher wages but also occasionally to promote public ownership of industry and other steps toward socialism. Nevertheless it is easy to show that there would be few jobs today without huge capital investments. Every year industries report the need for more capital. The annual reports of most large firms show that greater investment per job is required every year.

F. A. Harper in his book *Why Wages Rise*, published by the Foundation for Economic Education, presents an interesting view of the place of capital in industry. He points out that the average person-

The University of Wisconsin, the department of public welfare and the state colleges, among other state agencies, have lately attached the names of deceased or retired departmental officers and employees of distinction to new buildings that have been erected at a steady pace.

This is fitting, and we have paid our respects to the practice before. But we would offer a suggestion to the state building commission in this connection. Soon

Somebody Up There?

Flying Saucers Still Conversation Subject

From the Richmond Times-Dispatch

Breathes there a man with imagination so dead that he isn't intrigued by reports of flying saucers? Even if he tells himself that flying saucers are nothing but natural phenomena or optical illusions . . . still, there just might be something up there that's beyond man's knowledge.

Swiss psychologist Carl Jung was quoted incorrectly in a news story some weeks ago as saying he believed in the "reality" of flying saucers. The erroneous report got out through misinterpretation of statements he'd made four years ago.

What he does say is that many people who have excitedly reported seeing saucers in the sky actually have been looking for a "savior" to satisfy their psychological needs.

Their minds, he explained, are cornered by the bad situation in which our world is today. They are in need of answers to their anxious questions, answers which nobody can give them . . . In my study on the subject, I have again and again come across the idea that the saucers contained creatures who come to earth to "help" or "instruct" us.

No sooner had Metro become a reality, however, than the officials of many of the individual municipalities rose up in revolt. This was to be expected; public officials on any level never like to have their authority and prerogatives reduced. The League of Dade County Municipalities carried on a bitter propaganda campaign charging that Metro was destroying local government, was undemocratic, was taking government away from the people and placing it in the hands of a super-government that did not understand the people's needs. The campaign was successful in forcing a referendum on a proposal to strip Metro of its vital powers and return them to the municipalities.

Predictions were rife that Metro was doomed; the national magazines that bothered to comment predicted openly that the referendum proposal would carry with a large majority. These predictions must have been based on interviews with Dade county's municipal officials rather than with the people, for when the people went to the polls they gave Metro an overwhelming 3 to 2 vote of confidence.

Thus the country's first real attempt to create a metropolitan government designed to inject some order and efficiency into the chaotic affairs of a typical metropolitan area is being given a chance to show what it can do. And once again it has been demonstrated that the people often are far ahead of their elected officials in thinking on public problems.

Any cause is the right cause when it stands up to the Kremlin and its stooges and proclaims for all to hear:

"You will not get one more inch of land by aggression. You will not gain control over one more human life by force. You will not blackmail the free world."

These are words worthy of attention, not only in Wisconsin but everywhere in America and the free world. These are the kind of words we have longed to hear spoken by our president, our secretary of state, our delegate to the United Nations. Judge Steinle here is describing the kind of foreign policy of which all Americans could be intensely proud.

It begins to look as if this man has something to say — and he says it well.

al income in the United States in 1955 was about \$4,600. Of this amount \$3,910 or about 85 per cent was wages. The remaining 15 per cent or about \$690 was paid as interest or dividends to those who had saved money to invest in the tools of production. Harper points out that if all of the income were to go to the workers their wages would go up from 85 per cent to 100 per cent or about one-sixth. He then adds this comment:

Since 1917, wage rates have risen with increased productivity at about 2.5 per cent per year. Thus in six years time this rise in wages would equal the 15 per cent increase possible from getting the remainder of the pie. Or to put it another way productivity increases during the past working generation have raised wages perhaps six times as much as could possibly come from diverting to wages every cent of current returns for savings.

There are two things to note here. One is that the investors receive only about 15 per cent of industry's earnings. The other is that anyone who wishes can become one of the investors. Every dollar that is saved, whether it is invested in stocks or bonds or deposited in a bank, becomes available for the purchase of the tools of industry.

the state capitol at Madison will open to service a handsome and costly third annex — visible testimony to the wondrous growth of our government establishment at Madison.

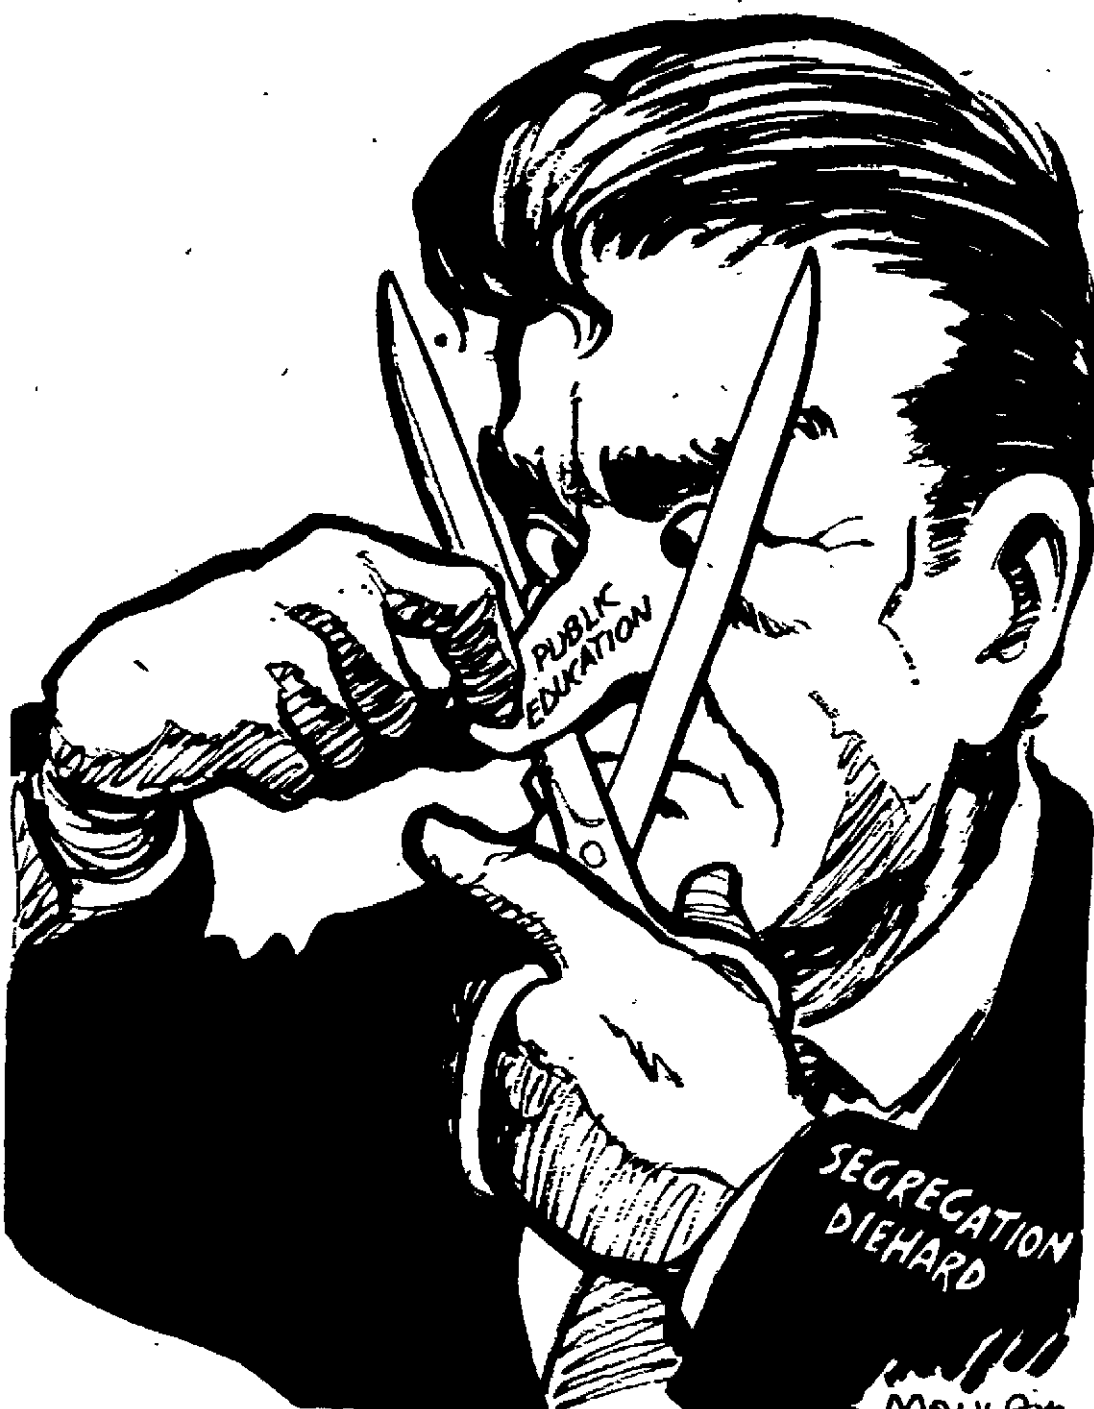

Would it not be equally fitting to attach a plaque to the ornate entrance, with a legend such as this:

"In honor of the Wisconsin taxpayer, who hopes he will survive, but who fears it won't be easy."

A "saucer traveler" came to earth to help us a few nights ago — via a national television program. He went to the secretary of state with an offer whereby his space people would keep us from committing suicide with hydrogen bombs.

Members of the secretary's family thought it was a hoax; they even pumped bullets through the visitor's head, which he merely shrugged off. Anyway, our would-be savior departed in dismay, leaving us to blow ourselves off the earth.

Here in Richmond the other night, retired marine Maj. Donald E. Keyhoe told the local chapter of the Virginia Society of Professional Engineers that saucers are real and that the powers-that-be in Washington just aren't telling us all they know on this fascinating subject.

AFL-CIO Representative Wishes To Clear Feelings Toward Byrnes

Editor, Post-Crescent:

Your editorial "End of a Dream?" which refers to a letter I recently wrote Cong. John Byrnes is a fair account of what I said, but may leave the inference with some people that I approved of what Mr. Byrnes said.

Let me report to your readers that I have a high regard for Mr. Byrnes as an intelligent proponent of his conservative point of view, but I just as heartily disagree with his conclusions.

Indeed, those of us who see Social Security as an important stabilizing factor in our aging population and who believe that government must do for people which people cannot do adequately for themselves, look upon Mr. Byrnes as a powerful foe of increasing benefits and expanding coverage of Old Age and Survivors Insurance.

If a person disapproves of the whole concept of Social Security I can think of no better advocate for that position than Cong. Byrnes, whose membership in the House Ways and Means Committee, puts him in a strategic position to damage the cause of Social Security as I see it.

I happen to think that our democracy requires that a spirit of goodwill and mutual trust must exist even among those of us who may heartily disagree on matters of public policy. This was the purpose of my letter to Cong. Byrnes.

Asks Fair Deal for Formosans

Editor, Post-Crescent:

I read with interest your Sept. 19 editorial "The Formosa Problem," in which you discuss my proposal for a new Asian policy which would involve a U. N. trust-

teeship for Formosa. I have been urging a U. N. trusteeship for Formosa for many years because I feel that our imposing Chiang Kai-shek's rule on the people of Formosa without consulting them is fostering tyranny, and leaves our Asian policy almost without a friend in the world.

Your editorial says "Rep. Reuss does not say so but such a trusteeship would certainly also mean the recognition of the Peiping government as the legal ruler on the mainland of China." In fact, there is no reason at all why our failure to recognize Red China should compel us to impose Chiang Kai-shek on the Formosan people against their will. I do not advocate recognizing Red China, but neither do I approve of our forcing Chiang Kai-shek on the Formosan people.

If Formosa were a U. N. trusteeship, it could be by the very terms of that trusteeship be defended by this country under the United Nations Peace procedure or the N. N. The General Assembly would be in charge of Formosa's defense, and Red China could not interfere with Formosa's defense even if she succeeded in gaining

membership in the U. N. I assume, of course, that we would have the courage of our convictions, and would not show the same irresponsible lack of leadership that we did at the time of the Hungarian revolt two years ago.

I have urged a U. N. trusteeship for Formosa because I believe that it is the duty of a congressman who ventures to criticize the Dulles foreign policy to suggest a constructive alternative. If this be isolationism, as your editorial seems to suggest, make the most of it.

Several farmers had found a cash crop where they least expected it. The crop was bittersweet. Scores of housewives seek bittersweet branches, loaded with their brilliantly colored orange berries, as winter decorations for the home. Sales Tax Issue Put Away—for Two Years

BY JOHN WYNGAARD

Madison — The sales tax, that great and durable bogey-man of state politics, has been disposed of for the next two years by the events of the last week.

The confidence of the Democrats that this is an issue that contains the easiest vote-getting potential of any available to them continues to be astonishing.

The fear of the Republicans that the Democrats may have the right hunch is only slightly less astounding.

But the result of the platform expressions of both parties at their candidate conventions last Tuesday is that there is only a remote chance that the sales tax will be seriously considered as a budget balancing palliative during the next legislature when everybody who can read knows the people of Wisconsin will be required to dig down a little more deeply for the support of their state and local governments.

The Democratic pledge is explicit, absolute, unequivocal, mostly at the insistence of lesser candidates who bore along in their enthusiasm some of the party commanders who might have wished to avoid such tying of their hands in the event they are successful this fall.

The Republican position is somewhat less explicit, as the Democrats will point out tirelessly, although in practical terms the Republican position means approximately the same.

Not only is the average Republican legislator pro-

foundly afraid of the sales tax question without some accompanying bait such as a formula for property tax reduction, but the outlook is for Democratic gains in the legislative elections this year. In such a situation the Republicans, if they manage to continue control of the legislature, will be less disposed to consider the sales tax than they were in the 1955 or 1957 sessions when the few members who wanted to examine such a program were virtually ostracized.

The next legislature will again tinker and improvise a little here and a little there, but it is extremely unlikely to provide that reformulation and balancing of the state fiscal scheme that a sales tax, fitted into the property and income tax system, could provide.

RESERVE

That is not to say that there are not many politicians of the more thoughtful variety in both parties who are skeptical about such rigidity of policy.

Within the Republican party especially — and among those men who know that they will likely be in charge of the next legislature — there is a strong doubt that the day of fundamental tax revision can be long deferred in view of the mountainous increases in spending demands, and, probably, spending needs.

Even among Democrats who understand these matters more fully there are some private doubts about too explicit commitments. That was the reason for the partly opened door in the LaCrosse voluntary Democratic platform. It wasn't hard to write a categorical pledge on the matter, as the Democratic candidates showed in Madison last week. It wasn't lack of literary skill that interfered with the draftsman at LaCrosse earlier; it was a desire to be careful.

Since that time several things have happened. More Democrats are convinced that there is a chance to win this fall, and there is a perfectly natural desire to pull out all the stops as a consequence.

There also was the performance of John Reynolds of Green Bay, the underdog candidate for the Democratic nomination for attorney general, who won a nomination through an anti-sales tax gimmick as far as anyone can see.

As the politicians see it, being against the sales tax continues to be marvelous politics.

basic natural resources . . . We imported \$13 billion worth of semi-processed commodities last year — and about \$10 billion consisted of raw materials and are essential to the productive processes of a long list of basic domestic industries.

And we must depend upon overseas sources for the majority of the critical and strategic materials used in defense production.

To quote the publication once more: "The growth of our industrial might, the welfare of our labor force and the 'lowly' consumer — to say nothing of the success of our foreign relations — all are to a significant degree dependent upon policies which permit and foster a continued growth of exports and imports."

ing, and FBI agents in the afternoon. Two bits of spent fuse were picked up for laboratory tests, but no other clues were reported.

Clinton Police, who could see nothing through the pre-dawn fog at the school across the street from the police station, said the blasts went off with precise three-minute timing at 4:21, 4:24 and 4:27 a.m., EST.

**Blasts Carefully Planned**  
The explosives were placed just as deliberately within the school. This was in contrast to other recent southern bombings — Hattie Cotton school in Nashville last September, and Jewish centers in Nashville, Miami and Jacksonville last spring — where the explosives were set outside the buildings or in entranceways.

Walter Bearden, FBI agent from Knoxville, said one blast was set off in the boiler room, demolishing it and an entranceway leading to the separate gymnasium, and wrecking an adjoining science room.

Another charge tore out a wall in the center of the building, wrecked several classrooms and hurled debris into the school auditorium.

The third ripped out another end of the building.

"Whoever did this job knew what he was doing and was out to cause as much damage as he could," said Assistant Police Chief Jess Braden.

He said the odor inside the building indicated that the explosive used was colite, a slow-burning type commonly used in the coal mines in this area.

The blasts ripped 16 of the 20 classrooms in the building and left only the gymnasium, a home economics section, the band room and the library undamaged.

## Former Convict Arrested for Abducting Boy

**Police Find Man Hiding in Woodpile Near West Bend**

**West Bend** — A former convict with a long prison record—pulled from his woodpile hiding place by the heels—was held in jail here today in connection with the abduction Sunday of a 10-year-old Milwaukee boy.

Alvin Schmidt, the Washington county sheriff, said the man identified himself as Hugh Murphy, 35, of Milwaukee.

Schmidt said Murphy was held without charge pending a conference with the district attorney today.

Sheriff's deputies pulled Murphy from a farmer's

load during the summer despite the advice of doctors that he rest more. His last address yesterday was to a special audience that lasted 20 minutes.

Some who attended said they noted occasional hesitance in his speech, probably caused by the hiccupps, but that otherwise he seemed energetic and well.

Last night, however, the pope canceled an audience scheduled for today.

The pontiff's attitude toward his tremendous work load has always been adamant.

Even four years ago, when he was finally forced to a long confinement, he insisted as soon as possible upon making brief addresses by radio from his sick bed. After his recovery from that grave ailment, which brought him close to death, he resumed his burden of work and kept it up until today.

He has been frequently quoted as saying:

"If one is pope, one is pope," meaning that the work of the head of the Roman Catholic church must not be interrupted.

The man who was to become known as "the pope of peace" was born Eugenio Pacelli in Rome March 2, 1876.

**Bold Television Experiment With College Level Atom Classes Begun**

**BY JINGO**  
Appleton Native Earl Hall, son of Mr. and Mrs. Norman Hall, 719 S. Summit street and a former WHBY radio staffer, has a featured role in Tuesday night's Garry Moore show at 9 p.m. over WBAY-TV. A comedian, he'll join William Bendix, Marilyn Maxwell and Hermione Gingold in a unique rendition of "The Wiffenpoof Song." Moore will lead the "choir."

Dr. James R. Killian, Jr., special assistant to the president for science and technology, baptised an important television experiment at 6:30 a.m. today on WMBV-TV and WTMJ-TV.

"Continental Classroom," a 5-day-a-week, college level course in atomic age physics, Dr. Killian rightly describes as "a truly bold experiment in the nation's interest."

Dr. Harvey E. White, University of California physics professor, conducts the course and will give most of the daily lectures. Guest lecturers from time to time will include doctors of physics from universities and colleges in New York, Massachusetts, Kansas and Ohio.

More than 300 colleges and universities will award academic credits to viewers who can pass end-of-the-course exams. St. Norbert college, Stout college and the state colleges at River Falls and Menomonie are cooperating.

**Jingo's Jewels:** Maurice Chevalier sings five old favorites as "I Love Lucy" (I know the name's been changed) returns to WBAY-TV at 9 tonight.

Ann Sothern brings her new comedy series to the same station at 8:30 tonight. She assistant manager of a luxury hotel and, incidentally wrote the theme song and designed the sets. Charles Van Doren will feature a 2-part report on the "Beat Generation" during Thursday's and Friday's "Today" program, a 7 a.m. show. "Anyone Can Play," the George Fenneman audience-home panel quiz, goes to the 8:30 time slot tonight on WFRV-TV. It is a summer replacement effort that made good.

Joan Crawford, Fernandel and the Bernard Brothers, comedians, will be Bob Hope's guests a week from Tuesday night on WMBV-TV and WTMJ-TV. The complete cast for the Oct. 16 "Playhouse 90" story about the Korean war: Mona Freeman, Sterling Hayden, Jack Carson and Red Taylor. Speaking of "Playhouse 90," Maria Schell, star of the movie "The Brothers Karamazov," makes her TV debut in the series' Oct. 30 story, "Word from a Sealed-Off Box." It's about life in a German prison camp in WWII.

World-renowned cellist Pablo Casals will star in a special concert marking the 13th anniversary of United Nations on WBAY-TV Sunday morning, Oct. 28. Harvey Lembeck, a Sgt. Bilko sidekick, Alfred Drake, Patricia Morrison, Julie Wilson and Bill Hayes are the cast for "Hall of Fame's" Nov. 20 overcast of "Kiss Me, Kate."

"Hall of Fame" presents "Johnny Belinda" next Monday night on the NBC-TV channels. Julie Harris, Christopher Plummer and Victor

Jury are staged.

NBC-TV channels Sunday afternoon will carry the St. Louis Hawks-Philadelphia Warriors exhibition basketball game. Ernie Kovacs, Audrey Totter and Ronnie Burns are set for "The World's Greatest Quarterback," a "GE Theater" play scheduled on WBAY-TV Oct. 19. It's about an old football hero.

Freddie March and Florence Eldridge will star in "The Winslow Boy," stage hit about British parents fighting their son's dismissal from school, on "Show of the Month" Nov. 13.

## Cary Grant Turns Down Lead Role

**Hollywood—**Cary Grant was offered the leading role in the film version of "Lolita," the best-seller about a middle-aged man with a fondness for 12-year-old girls. "No, thanks," Grant replied. "But we're only offering the role to two stars—you and Laurence Olivier," the producers argued. "You've just lost one of us," the actor replied. "I have too much respect for the movie industry to do a picture like that," he said. "Perhaps books can deal with such subjects because they have a select audience. But they have no place on the screen."

## DEADLY SKIDS ARE LESS LIKELY ON CONCRETE

The difference between a deadly skid and a safe, quick stop is often the pavement. You can stop faster, even in the rain, on concrete. That's because concrete's gritty surface provides uniformly high skid resistance, wet or dry.

Besides permitting better vehicle control, concrete makes night driving safer too! Its light-colored surface reflects up to four times more light than dark-colored pavements. You see farther and have more time to slow down or stop.

Concrete roads also are safer because they're free from hazardous ruts, washboard wrinkles and raveled edges.

It's worth remembering that when the weather is rough you're much safer on concrete, the skid-resistant safety pavement.

# Election Process One of Diffusion

Mistake to Read National Import  
Into Results, Columnist Contends

BY WILLIAM S. WHITE

Washington — An American political consensus is being reached in the most local and fragmented series of contests in millions of farm houses and thousands of hamlets, towns and cities across the United States.

This biennial congressional campaign, like the 85 that have gone before it across a century and three-quarters, is leading up to what is always called a national election — and never is that at all. What are really coming in November, instead, are so many scores of small elections over so many real and open and hidden and sometimes merely implied issues as to be quite beyond discerning, let alone counting.

The whole present process is one of vast diffusion, with two exceptions. There is the deep south, where Democratic primaries alone have long since settled who is to come to the house and senate. And there is a handful of hard-core Republican areas in the midwest and New England where Democratic challengers run against Republican certainties simply out of duty to a 2-party tradition that in these areas is only a chapter in a civics textbook.

Expanded Majority  
But for the vast bulk of the country this is a real election. And the real question in the obvious sense, on all present readings, is not whether the Democrats or the Republicans are to control the new congress. Rather, it is how much the present Democratic majorities are to be expanded.

When it is all over a quasi-national result will somehow have been obtained through a procedure that is anything but national and often is as thoroughly local as a high school play in an Iowa village.

One party — probably the Democrats — will return here in January in command of at least the procedures and possibly even the ultimate actions of the 86th congress. But the total result of the election will have been based upon hundreds of candidates' personalities and promises and public attitudes — and sometimes the total lack of such attitudes.

The present senior Republican foreign policy spokesman, Sen. Alexander Wiley of Wisconsin, was handsomely re-elected in 1956 after his own state party convention had turned openly against him and the Republican party national organization had seemed to have trouble remembering his name. It was fashionable to see Wiley's struggle as an immensely important test of how an internationalist politician would fare in a supposedly isolationist state.

Too Logical  
But this was all much too logical to fit the facts. The facts simply were that people liked "old Alec," as they said in large numbers upon being asked. Nine times out of ten they couldn't have cared less about his foreign policy views.

Thus the simple truth is that it will be a great mistake to go about reading vast national and international import into the results of this current congressional election. No doubt it will prove that the country in a vague, general way is more "Democratic" than Republican. But for what kind of a Democratic party will the people have spoken? The party of the advanced liberals? The party of the moderates? Nobody in the world will know that answer, and thus nobody can know what really happened.

Is this bad? Not in this correspondent's view. For a truly efficient party system in which every sheep is plainly separated from every goat has often wound up with the goats feeling obliged to destroy every last wrong-headed sheep, or vice versa. It is not too bad a thing to keep every form of the absolute — even absolute clarity — out of politics.

# The Day the Newspapers Didn't Come Out

Newspaper Carriers had no papers to sell. The newsstands were bare. No papers could be bought anywhere. Strikes had halted production of the town's newspapers and overnight, this important part of the lives of thousands ceased to exist.

Other media of communication tried to fill the gap, but without much success. Radio cannot illustrate the day's news. TV presents but a fleeting image, that cannot be studied or evaluated. Neither furnish a memorable printed record for analysis or comparison. Magazines miss the spontaneity of a fast breaking story.

Business in the city suffered. Merchants missed the throngs who ordinarily responded to their newspaper ads. National advertisers discovered that their brands remained on dealers' shelves longer.

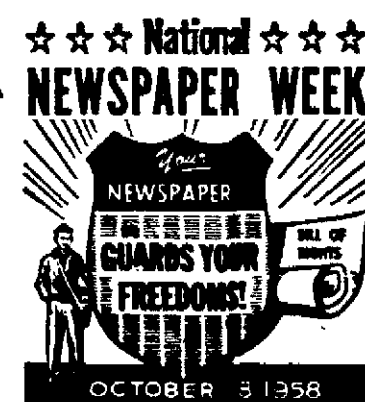

What we've described here actually happened recently in several of the nation's cities — Detroit, Philadelphia, Cleveland and Washington. Newspaper shutdowns left voids in the routine of thousands — voids which clearly demonstrate the vital importance of the newspaper.

The Post-Crescent, serving the Fox Cities and a large portion of Northeastern Wisconsin, has been fortunate — a wonderful group of loyal employees have never caused you to miss a single edition. There have been some evenings, of course, when you started fretting when your paper was late due to one difficulty or another — and perhaps in those moments or temporary irritation you wondered if this was the day the Post-Crescent didn't come out!

This is National Newspaper Week — and it is symbolized by your own newspaper's every effort to report and interpret local issues, keep you aware of matters that affect your health and safety and tries in every possible way to make your community, the Fox Cities, a better place in which to live, work and play.

Changing Patient Load Requires  
Adjustment in Treatment Methods

Post-Crescent Medical Bureau

**Madison** — A consistent trend in recent years for the admission of more severely retarded patients has been reported to the state board of public welfare by the administration of the Northern Colony for mentally deficient at Chippewa Falls.

The changing characteristics of the patient population load requires adjustments in treatment methods and staffing of the major state mental institution, which showed a patient load of nearly 1,900 in its most recent report, according to A. C. Nelson, superintendent.

The institution is receiving more patients with severe physical impairments as well as mental deficiency, and others who have been serious behavior problems in their home communities, he said.

The Chippewa Falls institution is the one that receives most of the mentally retarded committed from the Fox River valley and environs. A Union Grove institution serves southern Wisconsin.

## Sparrow in Hospital After Truck Collision

**Detroit** —A sparrow in flight collided with Lawrence Lilley's car near the Dodge truck plant Sunday—and wound up as a plant hospital patient.

Lilley, a hospital nurse, took the injured bird inside, gave it spirits of ammonia and an infra-red lamp treatment and fixed up a splint for its broken left leg.

He expects to let the sparrow fly away, happy and well, in a day or so.

## Deaf Girl Drowns On Camping Trip

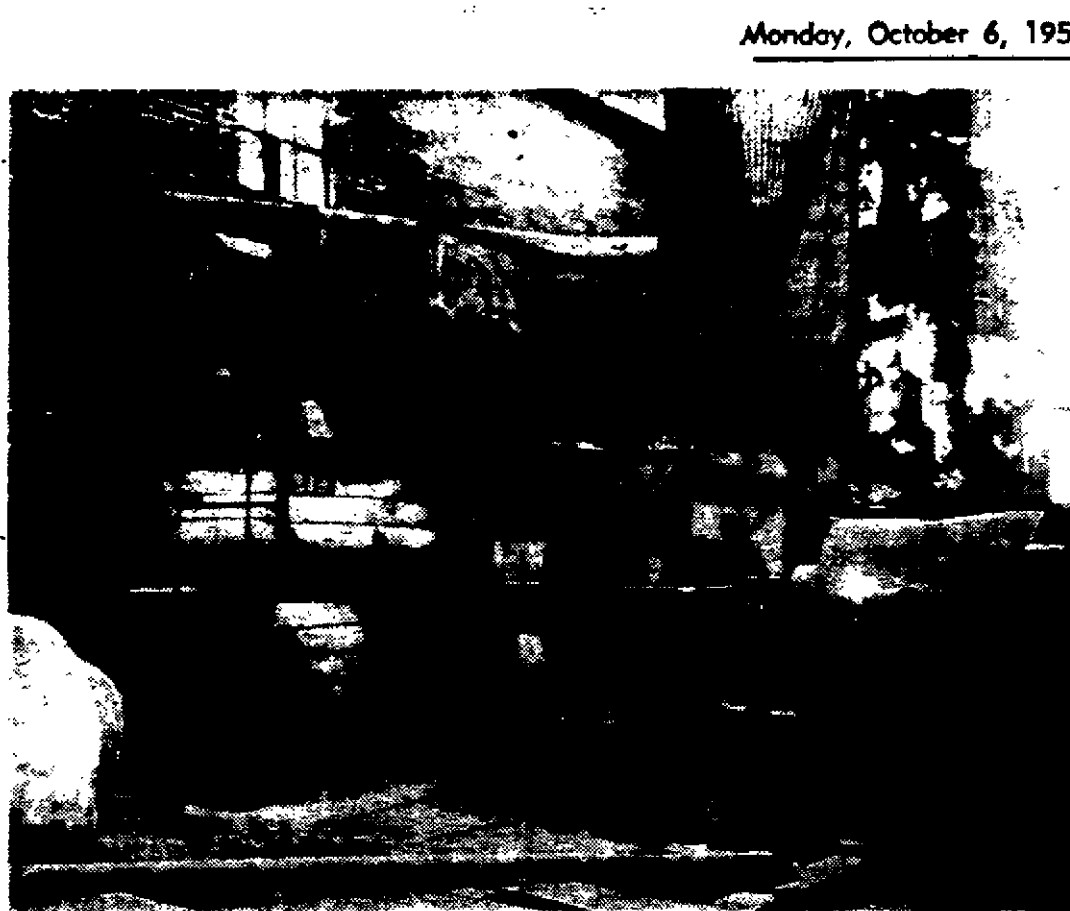

**Sonora, Calif.** —A 23-year-old Richmond, Calif.

girl on a rubber raft drowned silently in rapids on the Tuolumne river yesterday.

She was a deaf mute. Es-ther P. Chavez, on a camping trip with three men students, lodge, passing people who were unable to understand him. He finally got help and the body was pulled ashore.

Her companions told officers through notes that Miss Chavez paddled into the river

on a rubber raft while fishing. One of the party, John Smith of Oakland, saw her drifting towards rapids and signed to her to come back to shore. She signed back she thought she could hang on to the raft. Then she was torn loose from the raft in the rapids. Smith ran a mile barefoot to Mountain River trip with three men students, lodge, passing people who were unable to understand him. He finally got help and the body was pulled ashore. but resuscitation efforts failed.

## Western Condensing Razes 32-Year-Old Smoke Stack

A 177-foot concrete smoke stack built in 1925 at the Western Condensing company, 935 E. John street, is being torn down and will be replaced with a radial brick chimney about the same height.

Work is expected to take about two months. The new chimney also will eliminate the two short steel stacks now on separate boilers. The exhaust from all boilers will pass through fly ash collecting equipment into the new chimney.

A company spokesman said it will cost about \$25,000.

## Detroit Reports 6 New Polio Cases

**Detroit** —Six more polio cases were reported in Detroit over the weekend to boost the city's total polio caseload for the year to 529 and 16 deaths. Three of the new cases were paralytic. At this time last year, Detroit had 170 cases and two deaths.

In surrounding Wayne county, two new cases were reported to bring the county toll to 162 cases with no deaths.

Health officials said they planned to open nine new emergency clinics this week to give Salk polio vaccine shots at a nominal sum. Clinics opened earlier gave an estimated 81,000 shots last week.

Than in  
1957-49?

The farmers are receiving approximately 8 per cent less for milk now than in 1947-49 while the consumers are paying 15 per cent more for all their dairy products than in 1947-49. And, still, criticism of increased prices falls on the dairy farmer. Farmers must meet increased costs while their income has fallen off. Don't criticize the dairy farmer. Help him get a fair share of the consumers' dollar.

**Why I Work for Red Feather ...**

This is another in a series of articles written by volunteer workers in the 1958 Community Fund drive. Each person tells why he volunteered to work in the \$136,132 campaign. Mrs. O. E. Moe, 229 N. Lawe street, of the women's residential division, speaks here.

To raise the standard of living level of the city in which we live, is the right and duty of every citizen. Every conscientious person wishes to leave the community a better place for having lived in it.

We are all needs here in Appleton. The Community fund is making an effort to support the agencies pledged to the betterment of our city. By my working for the Community fund, I am making a contribution to each agency that is helpful.

**Two Hurt as Car Hits Parked Auto**

Two persons were hurt, neither seriously, when their car hit a parked auto in the 1200 block of E. Wisconsin avenue shortly after midnight.

Taken to Appleton Memorial hospital by Larry's ambulance were the driver, Sebastian C. Evers, 27, 1117 Wilson street, Little Chute, and his passenger, Miss Peggy Van Poo, 25, 200 W. Spring street. Evers received a concussion and cuts about the face and Miss VanRooy scalp and leg cuts.

Police said Evers apparently fell asleep and hit a car owned by Karl Freund, 42, 1525 N. Owaissa street, as Evers drove west on E. Wisconsin.

**Truck Towing Vehicle Overtakes on Highway**

**Oshkosh**—A station wagon and a truck towing it overturned in a farmyard when the station wagon went out of control on Highway 41 near the 41 outdoor theater Saturday afternoon. The truck was driven by Frank P. De Meuse, 53, 1307 Oregon street, Green Bay.

DeMeuse said the wagon started to slip and he drove into the farmyard of John Sturm, route 2, Appleton, in an attempt to stop it. The vehicle overturned when it hit loose gravel, turning the truck over, too. DeMeuse was not injured.

County sheriff's officers blamed the accident on a swivel hitch. The truck was driven away but the wagon was badly damaged.

**Three Hurt in 2-Car Crash on Highway 76**

Three persons received minor injuries Sunday night when two cars collided on Highway 76 near McCarthy road. Hurt were Glen, 10, and Dale, 9, Kriesel, sons of Mr. and Mrs. Marvin M. Kriesel, route 1, Appleton, and Adam A. Miller, 31, 804 N. Charlotte street.

County police said the Kriesel car was struck in the rear by Miller as it slowed for a left turn as both cars traveled south on Highway 76. Unhurt were three other Kriesel children.

**Two Men Hurt Backs In Separate Accidents**

Two men were hospitalized, with possible back injuries after they fell in separate mishaps Sunday and today.

Frederick Fox, 47, 204 E. Second street, Kimberly, was taken to St. Elizabeth hospital after a fall this morning.

Henry H. Schwandt, 57, route 2, Appleton, was taken to Appleton Memorial hospital Sunday morning after a fall down a flight of stairs at his home. Both men were taken to the hospital by Larry's ambulance.

**Birth Record**

Appleton hospitals this morning reported the following births.

Funeral services will be held at 9 a. m. Wednesday at St. Joseph Catholic church with burial in the parish cemetery. Friends may call at the Wichmann Funeral home after 2 p. m. Tuesday. The rosary will be recited at 7:30 p. m. Tuesday. The Neenah guard unit will conduct graveside services.

Survivors include the parents, Mr. and Mrs. Adrian Van Lyssel; four brothers, Richard, David, Daniel and Robert, all at home; four sisters, Janice, Judith, Wendy and Deborah, all at home; and grandparents, Mr. and Mrs. William Weideman and Mrs. Joseph Ulrich, all of Appleton.

Other Deaths

In other state accidents Clarence Haglund, 73, of Lake City, Minn., was killed Sunday night when his auto left the road three miles north of Nelson.

Robert W. Macher, 5, of rural Waterford, was killed Sunday in the collision of his bike and a car in Racine county near the town of Windlake.

Robert E. Knight of Kenosha died Saturday night in the crash of his car four miles south of Athelstane in Marinette county.

The car left a county highway and crashed into a tree. The fuel tank burst and sprayed gasoline over the car. The

## Pope's Illness Hushes Cheering In Castel Court

Castel Gandolfo, Italy — (U.P.) — For the first time this summer there was only hushed silence today in the main square of this Alban Hill town which usually rings with the cheers of tourists.

During the three months each year that Pope Pius XII spends in his summer palace here to escape the sweltering heat of Rome, throngs of tourists crowd the square to cheer him. Often he appears on his balcony overlooking the square and blesses the crowd.

Today, as news of the Pope's serious illness became known, 150 police were stationed at entrances of the square. They told all visitors the pope's condition and urged them to keep silence.

"Cheering would not be seemly today," the police said.

Castel Gandolfo, 18 miles southeast of Rome and 1,300 feet higher than the Italian capital, is one of a score of small castled towns in the vineyard-rich Alban hills.

The papal apartments, where Pope Pius XII now lies ill, are in the rear of the 4-story greystone building, looking down on Lake Albano 430 feet below in an extinct volcano crater.

Officials of this little town looked through their records and said no pope had ever died at Castel Gandolfo.

## Shirlee Emmons to Sing Oct. 16 at Memorial Chapel

First Lawrence alumna to appear on the Lawrence Community Artist Series in nearly 25 years is Shirlee Emmons, soprano, who will open the 1958-59 concert on Oct. 16.

Not since coloratura Lucille Meusel sang on the series in 1935 has the college chosen one of its own musical products for such recognition.

Miss Emmons, who received a bachelor of music degree with honors in 1944, will be accompanied by her classmate, Wesley Teply, a piano teacher in Manitowoc. Miss Emmons was a pupil of Dr. Carl J. Waterman, emeritus dean of the conservatory of music.

Miss Meusel and Miss Emmons are the only solo Lawrence products to appear on the series to date. Several faculty members have been accorded the honor, however. Gladys Ives Brainard, emerita professor of piano, was heard in 1950, and the Ming-Leedham string trio made up of faculty members James and Marian Ming, pianist and cellist respectively, with violinist George Leedham, were programmed in the mid-40s.

The Lawrence concert choir under the direction of alumna LaVahn Maesch is a perennial favorite.

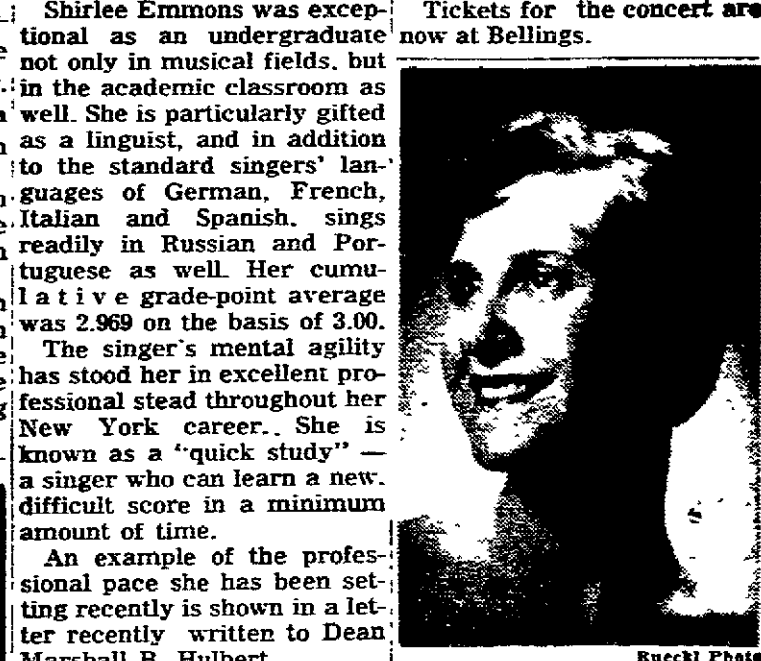

Gifted Linguist  
Shirlee Emmons was exceptional as an undergraduate not only in musical fields, but in the academic classroom as well. She is particularly gifted as a linguist, and in addition to the standard singers' languages of German, French, Italian and Spanish, sings readily in Russian and Portuguese as well. Her cumulative grade-point average was 2.969 on the basis of 3.00.

The singer's mental agility has stood her in excellent professional stead throughout her New York career. She is known as a "quick study"—a singer who can learn a new, difficult score in a minimum amount of time.

An example of the professional pace she has been setting recently is shown in a letter recently written to Dean Marshall B. Hulbert.

"On July 11 I returned from Indiana and found a cablegram waiting for me, asking if I could come to Italy (and later to the Brussels fair) within five days to be the alternate Maria in Menotti's new opera 'Maria Golovin.' There were to be two complete casts for the opera. I decided to go, disposed of my domestic obligations, put the baby with her grandmother, got the passports, shots, etc., packed, and learned the first act in the five days allotted. 'I then went to Spoleto, Italy, a small Etruscan town in Umbria, where Menotti had held his 'Festival of Two Worlds' this summer for the first time. We rehearsed and learned the music in Spoleto because that is where Menotti was and where he had a theater at his disposal for rehearsals. Nothing but the first act was written when we arrived on July 15. We rehearsed the first act musically and dramatically while learning the music to the other acts as they came in scene by scene. So the entire opera was written while we were there. 'Menotti finished the third act three days before we went to Brussels. We had one week of rehearsal in Brussels before opening night. The opera was commissioned by the NBC Opera Company and will be done on television in the spring. We performed the world premiere in the theater of the American Pavilion at the Brussels fair with General David Sarnoff of the RCA Victor company and National Broadcasting company present, and with Queen Elizabeth of Belgium occupying the royal box.'"

Tickets for the concert are now at Bellings.

# Ann Cites Letters Proving an Adoption a Wonderful Thing

**BY ANN LANDERS**  
DEAR READERS: Do you remember Cora? She wrote some time ago asking if we could persuade her husband that adoption was "worth the chance." Cora expressed the hope that parents of adopted children would write to this column Ann Landers and tell of their experiences. She said "Perhaps it could change our lives."

The response to Cora's plea was thrilling. I don't know when I've received such a shower of heart-warming letters. Many letters came from night adopted children. Almost half of the mail came from fathers. Many me asked to be put in touch with Cora's reluctant husband. One father offered to "call him long distance no matter where he lives."

I'd like to share some excerpts of some of the most wonderful letters I've ever read.—ANN LANDERS

**FORT LAUDERDALE:** I'm a girl 14 years old. My parents adopted me when I was an infant. They didn't choose me because I was the prettiest. I had eczema all over my body and was sickly. The people at the agency didn't even show me. Mother noticed me in a crib in the corner. She asked what was the matter with that "poor little thing."

Mom said after she saw me she became very confused and couldn't decide. She said they'd "think it over." That night she couldn't put me out. The next day she and Dad came back for the sickly baby that nobody wanted.

Aren't people like my parents one in a million? I'm the luckiest girl in the world.

—MARY

**MINNEAPOLIS:** We adopted a baby boy and two years later I gave birth to a second son. When friends said to my husband "It's so nice you could have your own" my husband replied bluntly, "They are BOTH our own." And the look in his eye let them know he meant it.

—MRS. S.C.R.

**SAN FRANCISCO:** I was worse than Cora's husband. My wife cried for months because I wouldn't consent to adoption. Finally the doctor said her mental health was in danger. He urged me to reconsider, and I did. That was 28 years ago. Our adopted daughter has been the light of our lives. Enclosed are a dozen snapshots of the grandchildren. Aren't they the cutest kids you ever saw?—GRAMPA BILL

**CHICAGO:** Our only regret is that we didn't get started sooner. We would have adopted four instead of two. — T. W.

**NORFOLK, VIRGINIA:** Our adopted boy spills his milk, has temper tantrums, swallows buttons and marks up the walls. Just name it—he's done it. But when he puts his chubby arms around my neck and says "Mummy, you are the most beautiful lady in the whole world" I forget all the minuses and he becomes the great big plus in my life! — M.K.L.

**COLUMBUS, OHIO:** Tell Cora's husband that anybody's child becomes your child after you've cuddled it awhile. It isn't bearing but caring that counts. — PAPA

**TAMPA:** I don't want to get sloppy, but every night my wife and I go into our son's nursery after he's fallen asleep, and hand in hand we thank God for giving us this child. Knowing he could easily have belonged to someone else makes him even more dear to us. — F.J.M.

**VALLEJO:** We were childless nine years and got out of York 11. N.Y. Print plainly the mood of wanting children. Then my cousin, a doctor, called and said he had a baby for us. My husband had

### Pair Wed in Lutheran Ceremony

The Zion Lutheran church, Gresham, was the site of the wedding ceremony uniting Miss Sonja Jane Wegner, daughter of Mr. and Mrs. William F. Wegner, route 2, Shawano, and James R. Prellwitz, the son of Mr. and Mrs. Willis Prellwitz, route 2, Clintonville.

The Rev. Martin Clausen officiated at the 7 p. m. double ring ceremony Aug. 30. The bride and her father were preceded down the aisle by Miss Jacquelyn Wegner, Appleton, sister of the bride, as maid of honor.

A brother of the bride, Donald Prellwitz, Clintonville, was the best man. Ushering duties were performed by a brother of the bride, Garth Wegner, Shawano, and a brother of the bridegroom, Chester Prellwitz, Clintonville.

A reception and dance at the Rustic resort, Embarrass, honored the newlyweds after the ceremony.

The couple honeymooned in upper Michigan and are now residing at 306 N. Appleton street.

The bride is a graduate of Shawano High school, and is employed at the Aid Association for Lutherans.

The bridegroom attended Clintonville High school and is an employee of Walter Springstroh, Black Creek.

### 75th Anniversary of its founding in Appleton

was observed by St. Joseph Fraternity of the Third Order of St. Francis Sunday at St. Joseph Catholic church. A shrine dedicated to St. Francis of Assisi, who began the Third Order Rule in 1221 for lay persons, was admired, top photo, by Jacob Zimmer, prefect, Peter Mueller, treasurer, Mrs. Robert J. Steger, jubilee publicity chairman, Mrs. Rose Killoren, chief promoter for women, and George Heegeman, vice prefect, left to right. Several Capuchin priests attended the mass and following dinner. Discussing the day's events at the speaker's table, from left, were Bernard H. Kemps, toastmaster, the Rev. Kenneth Barnes, OFM, Cap., St. Joseph pastor, the Very Rev. Gerald Walker, Detroit, Mich., minister provincial of the midwestern area and former Appleton retreat house director, the Rev. Ulric Buening, OFM, Cap., Milwaukee, provincial commissary for the Tertiary province and former spiritual director of the Appleton fraternity, the Rev. Joseph Smetana, OFM, Cap., fraternity spiritual director, and the Rev. Quentin Heinrichs, OFM, Cap., Detroit, director of the Capuchin seminary appeal and Capuchin charity guild.

### Speaker Sees Third Order As Means of Spiritual Life in World Today

The Third Order Rule was seen as an efficacious means of spiritual life in a materialistic world by the Very Rev. Gerald Walker, OFM, Cap., who spoke Sunday morning at St. Joseph Catholic church to members of St. Joseph Fraternity of the Third Order of St. Francis on the occasion of the unit's 75th anniversary in Appleton.

Father Walker, Detroit, Mich., spoke at a solemn high mass at 10:30 a.m. He serves as minister provincial of the midwestern area and was former retreat director at Monte Alverno Retreat house.

Rule for Lay People

Third Order founder, St. Francis of Assisi, who established the movement in 1221 for lay persons, was a man who wished to save the world by leading it back to the true observance of the Gospel, the priest explained.

He compared the Appleton school cafeteria. Speakers: Francis rule and are asked to practice the virtues of poverty, chastity and obedience insofar as possible.

### Auxiliary Installs Officers

The Charles O. Baer auxiliary United Spanish War Veterans installed Mrs. Lillie Albrecht, president; Mrs. Cornelius Meyer, senior vice president; Mrs. Henry Ermers, junior vice president; Mrs. Clara Defferding, chaplain; Miss Anna Zanzig, patriotic instructor; Mrs. George Klopffel, conductress; Mrs. Alma Schwendler, assistant conductress; Mrs. H. R. Ladwig, secretary, and Mrs. Carl Schwendler, treasurer, at the Friday noon luncheon and meeting.

Installing officers at the joint camp and auxiliary luncheon were Mrs. Anna Jesmier, past national president, North Hollywood, Calif., formerly of Appleton, and Mrs. Alma Schwendler, installing conductress.

Plans were made by the group to attend the district auxiliary meeting Saturday at Marinette, where Mrs. Ladwig will serve as district chaplain.

The unit will hold a guest day card party at 1:30 p.m. Oct. 17 at the Armory. Mrs. Albrecht will be chairman.

The next meeting will be at 1:30 p.m. Nov. 7 at the Armory.

PAGE 1 Little Rock 4 Hed . St. Louis — The U.S. Eighth Circuit Court of Appeals took under advisement today a request for a permanent ban against transforming Little Rock High schools into private, all-white institutions.

The 3-judge court is expected to announce its decision this afternoon.

A hearing on a request by the National Association for the Advancement of Colored People for an injunction lasted only about one hour.

A government attorney said a temporary restraining order against leasing of the Little Rock school buildings to a private corporation will remain in effect until the appeals court rules.

Right the First Time

Plot the picture hanging like this and it will not only hang in the right place, but will never need straightening. First cut a paper pattern the size of the picture and try it on the wall. Attach it with Scotch tape to a painted wall, with pins if the wall is papered. Then, when the position seems right, make dots on the wall to indicate exactly where the picture hooks should go, and there will be no risk of a change of height when it actually goes up.

Two hooks instead of one, each near the outer edge of the picture, keep it from tilting. To find out where they should go, pull the picture wire taut and measure from it at the side to the bottom of the picture, as shown. Then locate dots on the pattern in the same position, both in relation to the top and bottom and to the sides, and punch through the dots with a pencil to make dots on the wall.

# Youngsters Should Never Fear To Bring Home Report Cards

BY ANGELO PATRI

Is your child afraid to bring home his report card when there are poor marks on it? Does he hide? Say they haven't been given out yet? Hold it as long as he can? Then his relationship with his parents is not a good one.

The child who is known as a not-so-good scholar, weak in arithmetic, maybe slow in reading, is in need of help and encouragement from his own people.

Usually something like this happens. The child brings his report card home and there is a poor mark in reading or arithmetic or in the upper grades, history. Father or

mother scolds, "No more of if this is so why not let him this. No more TV until your have it?"

The failing child is in trouble. No child fails willingly. He needs encouragement and help to get him to succeed. This every parent should understand, and when a child indicates his fear of taking home a poor report the teacher should visit the home and set things right. Any such indication on a child's part calls for that help.

Teacher's Job

When a pupil indicates that he is having trouble with his work it is more the duty of the school to start remedial work than it is that of the family. The teachers are trained for this work and the parents are not. After an examination proves that the child is capable of the work it is the teacher's duty to see that he is enabled to do it. If he can have help at home that is fine. But this is rarely true and cannot and should not be depended upon.

If the examination indicates that the pupil needs fundamental work which he should have gotten in previous grades, why not send him back to get it? All children do not progress on the basic of age. Some need more time.

## County Teachers To Hear Speaker, Leona Fischer

The Outagamie County Teachers Association will hear Miss Leona Fischer, state elementary supervisor, speak on "School Life in Holland" when the group meets at 8 p.m. Thursday at the Shiocton grade school.

Miss Fischer has spent a year in Holland teaching at the teachers training college, and working with youngsters and adults.

During the business meeting the teachers will vote on the proposed legislation which states "Only people with a (college) degree shall be certified for their initial teachers license after 1962."

Dues will be collected from those joining the Wisconsin Education association, the Northeastern Wisconsin Education association and the Outagamie County Teachers association.

The meeting was planned by the officers, Mrs. Ivo Huettl, president; Seymour; Mrs. Byron Dericks, vice president; Kaukauna, and Mrs. Frank Reimer, secretary-treasurer, Freedom.

A luncheon will be served by the teachers of the Shiocton grade school.

## Culbertson on Bridge

By Ely Culbertson

There are so many different grades of bridge players that it is unrealistic to speak of "average players" or "near-experts" or "masters," etc., but it is interesting, nevertheless, to observe the variations of play on the same hand in a duplicate game—

West, dealer.  
North-South vulnerable.  
NORTH  
S-983  
H-7  
D-A Q J 6 5 3  
C-A 4 2

C-J 9 8 5 3  
SOUTH  
S-A K Q 5  
H-6 4 3 2  
D-K 9 2  
C-K 7

As can be seen at a glance, a six-diamond contract was cold for the North-South hands, but it was not so easy to reach that contract after the invariable one-heart opening by West. Indeed, only two pairs in the ten-table field got to the diamond slam; the others landed at either five diamond or four spades.

Since the true interest of the hand is in the four-spade contract, let's follow the play of three different grades of declarers at that denomination.

Every West laid down the heart king and, when East, played the eight, continued the suit even though dummy was now void. (This was the best defense.)

One declarer ruffed the second heart in dummy and then, taking the bull by the horns, cashed the three top spades, presumably depending on a 3-3 break of the trumps at 3-4. When this unlikely division did not materialize he was in dire trouble. He switched to the diamond suit, but West ruffed in on the second round and cashed two more heart tricks, setting the contract.

This, of course, was pretty bad play, and the second declarer was not that reckless. After ruffing the second heart lead in dummy he entered his hand with a club and ruffed another heart on his own before trying to draw trumps in three rounds, and he at least fulfilled the contract.

The third declarer, however, did still better, and in fact out-scored all the pairs that had not bid the diamond slam. After ruffing the heart at Trick 2, he led and passed the nine of trumps, keeping the trump in dummy to take care of a further heart lead by the defense. In this way he insured 11 tricks for himself since he could then draw trumps in safety.

## Month-Long Trip

## Rev. Roy Steen Returns From Missions in Latin America

The Rev. Roy P. Steen, superintendent of the Appleton district of the Methodist church, has returned from a 1-month preaching mission to Latin America. He was among 32 Methodist ministers from 16 states to make up the mission sponsored by the national boards of evangelism and missions of the denomination.

He visited missions in Panama, Peru, Bolivia and Chile. While in Chile, the Rev. Mr. Steen trained Chilean pastors in visitation evangelism and worked in the copper and nitrate mining towns of Antofagasta, Iquique and Arica. Although there were established missions in most of the towns, he reports preaching in bamboo shelters at times.

In an interview with the American ambassador to Peru, the Rev. Mr. Steen was told the anti-Nixon demonstrations in that country earlier this year were communist inspired. But, the ambassador said, some anti-United

States reaction was based on this country's raising tariffs on Peruvian silver, zinc, lead, sugar and cotton.

The minister said the countries are those of great contrast. In Lima he found large modern business places and lovely homes but in El Pedregal, a suburb, he reported 30,000 people living in make-shift shacks with open sewers running through the town.

## Name Officers Of Outagamie Steinle Unit

Officers of the Outagamie county Steinle for Senator committee were announced today by chairman T. Dick Oudenhoven, Appleton.

General co-chairman is Mrs. C. C. Schroeder, Appleton. Allan Mink, Appleton, is campaign director. Other officers are Mrs. John Mau, secretary, and Charles Wood, Kimberly, treasurer.

Nine vice chairmen have been named to form local committees, the chairman reported.

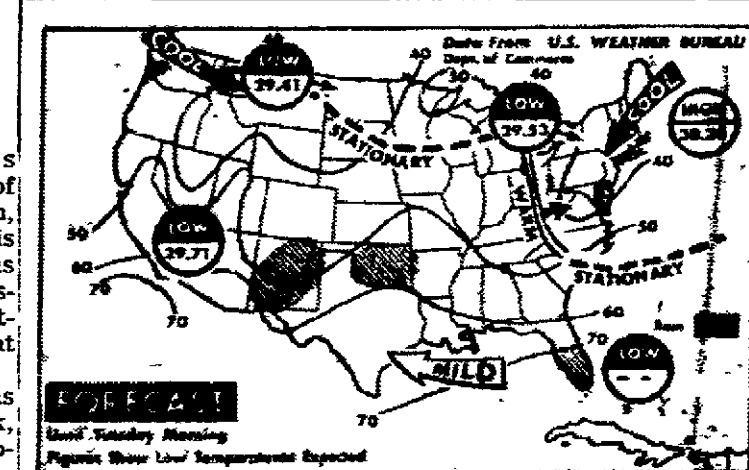

They are Louis Michels, Appleton, Clarence Lamers, Combined Locks, Gerard Patterson, Kimberly, Mark Kerkhoff and Joseph Weyers, Freedom, Keith Van Vuren and Marvin Babbitt, Seymour, Alan Gunderson, Shiocton, Donald Peeters, Little Chute, Jess Lathrop, New London, and Robert Schneider, Hortonville.

The committee will hold an organizational meeting at Republican headquarters, 304 N. Appleton street, at 8 p.m. Tuesday.

## Rolling Stone Story

Massillon, Ohio — A rolling stone may gather no moss, but it can damage the siding, lathing and plaster of a house.

That's what Mrs. Rufus Williams told police. She said that, while she was away at work, someone rolled a 30-pound stone down a hill into her house.

Cool Weather Will Prevail tonight over the north and middle Atlantic coastal states while it will continue mild in the Gulf coast states. Cooler weather is expected in the northwest. Showers are forecast for southern Florida, Oklahoma, New Mexico and western Washington.

## Bright Sun Smiles Down On Fox Cities

The autumn picture in the Fox Cities was brightened considerably by sunny skies in most areas today.

In a reversal of the usual trend, the southeastern part of the state recorded some of the lowest temperatures early today. The mercury dropped to 34 in northwestern Milwaukee county. Green Bay had 35, Eau Claire, Madison and Park Falls 39, Grantsburg 45 and La Crosse 47.

Early Sunday morning, a low of 20 was noted at Grantsburg for Wisconsin's coldest weather of the season.

Maximum temperatures Sunday ranged from a peak of 60 at Madison to 48 in the Superior region. Those were 5 to 15 degrees below normal for the season.

Nationally, Oneonta, N. Y., was the coldest community early today with a low of 17

## Post No Bills

Do your feet suddenly look a size larger? Never fear—the chances are they have not grown. Their seeming increase is most likely due to the hike in skirt lengths. So far distant from the hemline, feet stand out—like billboards against scenery—and so appear ponderous.

You can cut them down to size, fortunately, and just by being smart about shoe selections. And here new styles will come to your aid. As suggest the new damask rose, and gestions: slum-toed pumps avoid sharp color contrasts with carved mid-heels; delicate T-strap or instep-strap pumps; slender ghillies, now to, your "footage" dwindles!

# We Asks if Democrats are For Surrender

President Issues Challenge in Note To Sen. Green

BY DAVID LAWRENCE

Washington — President Eisenhower has challenged the leaders of the Democratic party to tell the nation whether they favor appeasement and surrender to the communists. He has, in effect, asked them to speak out and say whether they really believe the United States is going to be deserted by its allies and hence faces military defeat if it stands up for its principles.

The president's views were expressed in a letter to Sen. Theodore F. Green, of Rhode Island, the sturdy 91-year-old chairman of the senate foreign relations committee, who holds his post by reason of

his seniority of service and the Democratic party's control of congress.

The issue before the American people in the November elections is whether Democrats or Republicans shall control the congress and the selection of committee chairmen. If the Democrats retain control, will the communists take this as a signal that the American people repudiate the position taken by the president in the Far East and endorse the defeatist and surrender ideas which the administration attributes to the chief Democratic spokesman on foreign policy in the United States senate?

## Odd Statement

The president points specifically to Sen. Green's statement that, if the United States should become engaged in hostilities, there would not be "that support of the American people essential to successful military action." This is an extraordinary statement for the chairman of the senate foreign relations committee to make in the middle of an international crisis.

"You say," wrote the president to Sen. Green, "that in the event of hostilities we would be without allies 'in fact or in heart.' . . . not only do I believe that our friends and allies would support the United States if hostilities should tragically, and against our will, be forced upon us, but I believe that most of them would be appalled if the United States were spinelessly to retreat before the threat of Sino-Soviet armed aggression."

## Petty Politics

"I deeply deplore the effect upon hostile forces of a statement that if we became engaged in battle, the United States would be defeated because of disunity at home. If that were believed, it would embolden our enemies and make almost inevitable the conflict which, I am sure, we both seek to avoid, provided it can be avoided consistently with the honor and security of our country."

## Allis-Chalmers' Workers Ask Near Annual Wage

Chicago—The United Auto Workers has asked Allis-Chalmers Manufacturing company, Milwaukee, for supplies, mental unemployment benefits of 70 per cent of straight-time, take-home pay for up to 52 weeks.

The recording secretary of Milwaukee Local 248 said the demand was "another step toward a guaranteed annual wage."

Other demands include: "Continuation of the annual improvement wage increase and cost-of-living escalator clauses at their present level; freezing 19 cents of the 24 cents now paid in escalator benefits into the basic wage; a company payment into the pension fund of \$2.50 a month for each year worked by each employee, applying to all employees retroactively; and a master contract covering 10 Allis-Chalmers plants, rather than individual pacts with eight plants as at present."

The union also asked for a company-paid, full-coverage hospital plan for the worker and his family, and a company-paid life insurance plan of \$6,000 for each worker. At present, the company and the worker split equally the cost of both hospital and life insurance. A union spokesman said benefits under the present plans are on a "sliding" basis.

An Allis-Chalmers spokesman said the proposal represents "the first change from the 70-cent-plus package ask-

ed by the union in June." He added the proposal matches on some points the company's proposal submitted in June, but "on pensions and S.U.B., it far exceeds both the company's proposal and the Ford settlement."

Allis-Chalmers negotiators Talks were to reopen today.

## Burglars Get Small Haul at Lumber Office

Fremont — Three 1-dollar bills and a handful of pennies were taken from the Gateway Lumber company office sometime Saturday night or Sunday morning.

Robert Marks, manager, discovered the break-in when he went to the office to tend the fire at 8 a. m. Sunday. The office was closed at 4 p. m. Saturday. Sheriff Floyd Taylor investigated the break-in.

Entry was made through the front door. The window and the lock was broken. The pennies were in the cash register and the dollar bills were attached to a feed ticket paid after closing hours Saturday. Some \$163 in checks were taken from the open safe.

The break-in was the third in three years.

## Northeastern Dairymen to Vote on Order

Marketing Rule Expected to Set Higher Price

Northeastern Wisconsin dairymen soon will vote on a new federal milk order. Two-thirds of the producers selling milk in this market area must approve the order before it goes into effect.

The date for the referendum has not been set, but voting will be before Oct. 15.

Based on prices paid to farmers in 1957 and 1958, Class I milk in the new area would be 18 cents higher per hundred pounds than under the Chicago order for that area, according to Truman Graf, University of Wisconsin farm economist.

## Expect Higher Price

If three-fourths of the milk in the area is sold as fluid milk and cream, the average or blend price would be about 25 cents higher than the Chicago blend price for the area, he adds.

The marketing area for the proposed Northeastern Wisconsin milk order would cover all of the following counties: Brown, Calumet, Kewaunee, Langlade, Lincoln, Manitowish, Portage, Oneida, Outagamie, Sheboygan, Vilas, Waupaca, and Winnebago.

Under the new order producers would be paid according to how their milk is used.

## Special 'Y' Classes Begin

YMCA special interest programs begin this week, Youth Director Carl Bruno said today.

Rifle club classes will be held at the Fraser Lumber company warehouse, 415 N. Superior street. Beginners can enroll for classes from 6:30 to 8:30 p.m. on Tuesdays. Advanced classes will be held at day, Harry Vetter will teach Indian lore during the same hours.

Previously, Graf explains, many producers felt the price they received was not in line with utilization of their milk, Bruno reported.

## Tormenting Rectal Itch Stopped In Minutes

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) —

One of the most common afflictions is a condition known as "itching piles". It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improve-

ment" was reported and verified by doctors' observations. This improvement was maintained in cases where doctors' observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne) — discovery of a world-famous research institution. This substance is now obtainable in ointment or suppository form known as Preparation H. Ask for Preparation H suppositories (convenient to carry if away from home) or Preparation H ointment with special applicator. Absolute satisfaction guaranteed or money refunded.

# Gasoline, Oil Mixture Use Caused Fire

Thermostat Spark Led to Explosion, Fire Chief States

Neenah — Use of a gasoline and fuel oil mixture to clean the floor was cited as probable cause of the service station explosion and flash fire Wednesday night which took the life of David Carew, 26, 1935 Maple street, brother of the station proprietor.

Fire Chief John Zick this morning said the mixture was touched off by a spark when the thermostat called for more heat.

Carew was standing about five feet away from the thermostat and about 10 feet from the window through which he crawled to escape the fire, the chief said.

His clothes had absorbed gasoline fumes and he was working in a confined area with the windows and door closed, Zick said. Firemen found fuel oil burning at the bottom of the grease pit.

Tests made by the state division of petroleum products at Fond du Lac disclosed there was nothing wrong with the gasoline and fuel oil stored in station underground tanks.

# Small Businessman Next Benson Victim, Proxmire Declares

Senator Says Milk Price Support Cut Means Less Money on Main Street

Omro — Sen. William Proxmire this morning told a Democratic breakfast "the family-sized business on Main street is a direct victim of Secretary Benson's possessive policies of cutting the incomes of the family-sized farms."

In the first four months of this year Wisconsin dairy farmers lost \$85 million, Proxmire contended. "This is what farmers lost as a result of reduction in milk prices below those of last year."

This meant, he claimed, \$8.5 million less rung up on cash registers of main street merchants and professional men. The farmer was the first victim the small town business man is next and the in-backs of the property taxpay-

ers. "The Republicans seem willing to saddle upon you another source of revenue, that most unfair and burdensome of all taxes, the hideous sales tax," Pitz said.

Proxmire began his campaign in Winnebago county with a 6 a.m. plant gate appearance at the Wisconsin Axle company and the Oshkosh Motor Truck company plants. After an 8 a.m. press conference, he left for the Omro breakfast and then returned to Oshkosh for more campaigning and a talk to the Young Democratic club at treasurer; Mr. s. August 6 30 tonight at the Columbus

Sampson, historian; Mrs. Clifford Christenson, librarian; Mrs. Gordon Hanson, villa fund chairman; Mrs. Elmer Fenner, sunshine fund chairman; and Mrs. Earl Evans, executive board member.

Mrs. Leonard Larson was hostess and the Rev. Mr. Rem conducted the Bible study.

## Community Chest Aids 1,200 Girl Scouts in Twin Cities

Neenah — Keynote of the Girl Scout program in Neenah-Menasha has been service to the community, along with a program of activities and fellowship.

Girl Scouts will receive \$10,250 of the \$121,000 Community Chest goal being sought.

September registration showed 76 troops with 1,212 members in the Twin Cities, an increase of nine troops and 120 members over last year. Troops have 164 adult leaders and 265 committee members.

Senior Girl Scouts, composed of high school girls, are trained in home nursing and first aid. They assist in preparations for the Community Chest drive, answer phones for cerebral palsy fund raising drives, help in Twin City libraries, make toys and articles for the school for retarded children in Menasha, serve as aids at Theda Clark hospital and assist at YWCA nursery summer sessions.

Service by intermediates, Fifth through Eighth grade girls, includes planting bulbs for hospital patients, making book covers for troop scrap-

books and skirts for their uniforms.

Brownies, Third and Fourth graders, serve the community by holding flag raising ceremonies for PTA meetings and making Christmas gifts for hospital patients and shut-ins.

Other community efforts have been providing programs and treats for patients at the Sunset Haven rest home, Menasha. Girl Scouts have contributed to the Juliette Low World Fellowship fund to send girls to world encampments. The fund also enabled a Girl Guide trainer from Australia to visit troops in America.

The girls hike, cook outdoors and camp. They are able to attend camp the year-round at Camp Winneconne at Kaukauna. The camp is used for day camping for five weeks in summer and for troop camping the rest of the year.

Chalk Hills is a resident camp and was in operation for 10 weeks last summer.

## Claims Proxmire Program May Put Us in Poor House

Milwaukee — Republican senatorial candidate Roland J. Steinle said Sunday that the legislative program of his Democratic opponent, Sen. William Proxmire, "would have sent us all to the poor house" if it had passed in congress.

Steinle, speaking to a group of his supporters in Milwaukee, also said that he hopes the Democrats invite former President Harry S. Truman into Wisconsin to campaign against him because he "symbolizes the Democratic record of straddle, stumble and strain."

Proxmire said Sunday a bill he co-sponsored in the senate will "give a healthy boost to real free enterprise in getting new ideas and new inventions into production and on the market."

Proxmire, in a statement issued at Madison, declared the capital bank loan fund for small business sets up a \$250 million loan fund to be administered by private, small business investment firms.

# Rockets Gain 33-13 Win Over Raiders

Neenah Rolls to 20-7 Lead At Halftime; Gains 305 Yards; Ellis Gets 1st Two Scores

BY GEORGE MANOSKY Post-Crescent Staff Writer

Neenah — The injury-riddled Neenah Rockets made a wreck of Two Rivers' moun-

tainous line to defeat the Raiders 33-13 for their second Mid-Eastern conference victory here Saturday afternoon. Neenah now has two wins and a tie in league play. It is unbeaten in its last 23 starts.

Neenah's casualty list received an addition Friday night when Bill Braun, offensive end, defensive halfback, and punter, suffered a broken left arm in practice and will be out for the rest of the year.

But injuries or not, Two Rivers didn't pose much of a problem for the local boys. The visitors were big but lacked the desire to make a game of it and frequently spent the time out periods sprawled out on the field.

Finally Score The Raiders did go home with one consolation. They broke the scoring dearth that had been with them for the first three games. The Purple and Gold made the initial score in the first quarter, marching after Neenah's second touchdown.

The second tally came with a little more than a minute left to play and was scored with Rocket second and third stringers in the ball game. Neenah's rushers pranced through the Two Rivers line for 25 yards. The Rockets added another 70 yards through the air on six completions in 11 tries.

Gains 132 Yards Two Rivers gained 132 yards on the ground, much of it the second half when most of the Neenah starters were on the bench. It was held without a first down until the third period.

The visitors, who ran from both the T-formation and single wing, tried 13 passes, completed only one (for their second touchdown) and had two intercepted.

Neenah was held to a scoreless tie for exactly 1:05 of the first quarter. The Rockets took the opening kickoff on the 42 and made three yards on the first play. Gary Ellis, who returned to action after missing two games because of a foot ailment, broke through the middle and outraced the Two Rivers team

## Sellnow Nets 609 Triple in Mixed Loop

Neenah — Wally Sellnow clipped a 609 series in the Ball and Chain Mixed Couples circuit Sunday night at Lakeroad Lanes.

Al Bartz hit a 551 series. There were no men's honor count games or high women's games or series.

Bob Mueller jarred a 582 series to lead the way in the Baseball Mixed Doubles league Sunday night at Lakeroad.

"Mickey" Britzke bowled 573 and Herb Kruse had 560. The top women's effort was Martha Tapin's 191 single-ton.

Indians hold first place with a 74-11 record. Cubs are a half game off with their 7-2 mark.

Verna Drucks tumbled a 201 game and 533 series to garner honors in the Trinity Lutheran Women's circuit Saturday night at Lakeroad. Helen Hendrickson notched a 504 set.

Noelty Press is in first place with an 11-1 record. Dairy Queen's 8-4 is good for the second spot.

## Jay, Kaukauna Tilt Headlines Week's Action

Neenah Vies With Bulldogs; Zephyrs Take on Fondy '11'

Menasha — The Menasha at Kaukauna game Friday night draws top billing among games involving Twin City high school football teams this weekend.

First place in the Mid-Eastern conference will be at stake. After losing their non-conference openers to Fox Valley conference teams (Menasha to Appleton and Kaukauna to Sheboygan North), the two clubs have won three straight league games.

Kaukauna chalked up a 21-7 verdict here last year in a test which saw three of the Bluejay backfield starters injured in the first half.

Neenah will be highly-favored to pick up its third league win and extend its chain of unbeaten games to 24 when it entertains New London Sunday afternoon.

The Rockets notched a 21-6 win last year.

St. Mary, deadlocked 7-7 by St. John at Little Chute Sunday, makes its second Fox Valley Catholic conference start here Saturday night against Fond du Lac Springs.

The Zephyrs now have three wins and a tie in 1958. They came out on top, 19-0 in the rain and mud at Fond du Lac's Fruth field last fall.

Neenah's freshman squad bids for its third win Thursday afternoon in a home game against Wilson of Appleton. Menasha treks to Appleton to play Roosevelt the same day.

In junior varsity play, the Jays play at Kimberly this afternoon and Neenah has a 7 p.m. game at Two Rivers tonight.

## Bowling Jamboree

Neenah — The Kimberly-Clark KCA general offices bowling jamboree will be held Oct. 1 at two Twin City Bowling establishments. Shifts are scheduled at 1 p.m. and 3:15 at Lakeroad Lanes and at 1 p.m. at Mid-Town.

Two Rivers' Football Fans had little to cheer about in Saturday's 33-13 loss to Neenah but one of their few moments of joy came in the first period when Lee Oestreich broke away for a 28-yard touchdown run. Neenah players are Mike Lintner (32), Mitch Miller (48) and Harland Hirschy (44). Two Rivers' No. 23 is Todd Easley.

St. John	1	0	1	32
Springs	1	0	1	39
St. Mary	0	0	1	7
St. Norbert	0	1	1	12
Marinette	0	1	0	31

Sunday's Results: St. Mary 7, St. John 7. Fond du Lac Springs 33, Marinette Catholic 12.

Fond du Lac — Springs academy moved into a tie for first place in the Fox Valley Catholic conference by besting Marinette Catholic Central, 33-12, here Sunday afternoon. The Dutchmen and Springs have a win and a tie in league play.

Springs moved to a 20-6 halftime lead over the Shamrocks and then added a 13-6 edge in the final two frames.

Fullback Jim Gau led the Ledger attack with two touchdowns and a pair of extra points. Dave Kuen scored a touchdown and an extra point, and Paul Kremer and John Wagner each had single six-pointers. Junior halfback Bob Pecotte made both of Marinette's scores.

St. Norbert, idle this weekend, is at Marinette and Springs plays at St. Mary in conference tilts Saturday night. St. John will play Stevens Point Pacelli in a non-league encounter Sunday at Little Chute.

Spilski's 646 Series Best In Mid-Town Mix Pin Circuit

Menasha — Bill Liskow hammered a 287 game and 670 series to lead the way in the Bird Mixed Couples Bowling league Sunday night at Menasha Recreation alleys.

The 287 was the best single effort turned in on Twin City alleys this season. Previous high was a 277 by Frank Loppnow in the Kimberly-Clark Main Office circuit at Muench's last Thursday.

Joe Spilski clouted a 646 series and a 230 line to dominate scoring in the Mid-Town Mix league Sunday night at Mid-Town alleys. He had 200 or above in every game. No honor totals were recorded by women bowlers.

The Mid-Town team leads with an 8-1 record. Morton's, Teitz and Zeininger's are deadlocked for the runnerup spot with 6-3 marks.

Cracks 620 Set Bob Whitcomb topped a 620 series to lead the way in the Atlantic Fish Mixed Couples circuit Sunday night at Mid-Town. There were no men's games of 225 and none of the women keglers hit 190 or 500.

The tight team race finds Poorfish, Pike, Cod, Smelt, Neenah — Two Rivers routed 33-13 in its football game with Neenah here Saturday but the Raiders managed to return home with a cross country victory.

The visitors came out on top 28-33 in a meet which was held between halves of the football game.

Neenah had the individual winner in Jim Quade, who finished the two mile race in 10:13.5. Allan DeRusha of Two Rivers was second in 11:07.5.

Neenah's Paul Poellinger copped third in 11:27 and teammate Tom Drews was fourth in 11:32. Two Rivers copped the next six places.

Under cross country scoring rules the top five finishers on each team count in the point totals. Neenah's Bob Haas and Tom Reuss were twelfth and thirteenth.

The Two Rivers finishers from five through eight were Bruce Lawrence, Dennis Payette, Tom Ahearn and Jim Koprowski.

Neenah makes its next start Friday afternoon at Kaukauna. It now has a win and a loss.

# Spahn Stifles Yanks

## Ford Hurt By Shaky Fielding

**BY JOE REICHLER**  
New York — This could be it. The World Series could end today.  
The once-mighty New York Yankees appear ready to take the count.  
The pitcher the American league champions had to get by today in order to stay alive is that old Yankee killer himself, Lew Burdette. He's beaten the Yankees 4-for-4 in the last two series.  
Same Pattern  
The Yankees dropped their third in four games to the Braves Sunday, 3-0. The loss was in the pattern of the pair they lost in Milwaukee—woeful hitting and leaky fielding.  
Warren Spahn, the brilliant southpaw, held the Yankees to two hits Sunday. The day before, they managed four hits in their only winning game. Their team batting average is a microscopic .168. Their fielding percentage is a respectable .988 but it doesn't show the many mental lapses and errors of omission.  
Stengel, frankly chagrined over the failure of "Whitey" Ford, his left handed ace, to register at least one victory in two starts, nominated Bob Turley to pitch the "must" fifth game.  
It is not surprising, therefore, that the odds-makers have declined to accept any more Milwaukee money that the Braves will win the series. For today's game, however, the Yankees were favored, 13-10.  
Yankee left fielder Norm Siebern was the "goat" in New York's loss Sunday. He allowed four drives to fall out of his reach, all of which appeared "catchable." These lapses figured in all the scoring and ruined an otherwise fine pitching performance by Ford.

Warren Spahn, Milwaukee Braves pitcher, leaps up in excitement as the Braves won the fourth game of the World Series in New York Sunday. Spahn's 2-hitter beat the Yankees, 3-0. At left is Eddie Mathews, Milwaukee third baseman.

# Chuters, Zephyrs Play to 7-7 Tie

## St. John's Consecutive Win Streak Snapped at 11 Games

**BY JIM HARP**  
Post-Crescent Staff Writer  
Little Chute — A pair of prep gridiron powers battled to a 7-7 deadlock here Sunday afternoon as St. John and Menasha St. Mary displayed their talents before an overflow homecoming crowd.  
The tie snapped the Dutchmen's streak of 11 straight wins and it was the first time this season the Zephyrs did not register a victory.  
In the Fox Valley Catholic conference the Chuters have a 1-0-1 record while this was the first taste of league action for the Menashans.  
Schuler Scores  
St. John capped a long march in the second period with Tom Schuler scoring from the three, and Ed Hammen booted the extra point.  
The Zephyr touchdown came with 3:05 left in the game, and was set up on a 15-yard penalty which placed the ball on the Chuter 5 and gave St. Mary a first down. Before the penalty the Zephyrs were on the 20 and faced with a third-down situation.  
Tom Balthazar scored the TD going around end and the charging St. Mary fullback went off tackle for the important extra point.  
Defensive Play Tight  
Both teams showed outstanding defensive units. St. John's forward wall was particularly effective in the first half when the Zephyrs managed only 44 yards on the ground. St. Mary came back in the second half to hold the Chuters to 58 yards by rushing

after the Dutchmen had gained 86 in the first two periods.  
Fumbles hurt the Chuters on several occasions as they let go of the pigskin four times, and St. Mary recovered three. St. Mary had troubles, too, fumbling twice with St. John recovering both.  
Toughest break for the Chuters came in the initial period when Tim Tousey raced through the line for 12 yards and then fumbled on the Zephyr 11 where St. Mary took over.  
On the first play from scrimmage, Schuler banged into the line, was hit hard and fumbled.

**Kubek Tells Siebern Worries Just Starting**  
New York — Yankee shortstop Tony Kubek was consoling roommate Norm Siebern over his nightmarish troubles in left field during Sunday's World Series game.  
"Besides," Tony concluded, "I don't want you to worry now. You're getting married on the twenty-fifth and you'll have plenty to worry about after that."

# Norm Siebern Won't Make Any Excuses

## Messes Up Four Fly Balls but Is Defended by Stengel

**BY ED WILKS**  
New York — Norm Siebern, at 25, is a young man with a crewcut who has completed his first full year in the majors. He also is the goat of the fourth game of the World Series, but he won't make any excuses.  
Likely as not, there are no excuses to be made.  
It was Siebern who messed up four balls hit to his left field position Sunday in Yankee stadium as the Milwaukee Braves took a commanding 3-1 edge over New York with a 3-0 victory.  
"Had Troubles"  
"I've had troubles before," said Siebern. "But never like this."  
"I might have caught that ball in the seventh inning. But I didn't start quickly enough."  
"I don't think I had much chance for that bloop in the fifth, but I should have caught the ball that went for a triple in the sixth. I shied away thinking maybe Mickey Mantle would get it. But it was my ball and I simply lost it."  
"In the eighth, I lost the ball in the sun."  
"It was another blunder for me."

No one could say the Yankees' deadly defeat—only the 1925 Pittsburgh Pirates ever came back to win the world championship after losing three in a 7-game series—was all Siebern's fault.  
The Yankees managed just two hits off Warren Spahn, who outpitched "Whitey" Ford a second time in this series.  
Stengel defended Siebern, saying it was a tough field to play and that Siebern was a newcomer while pointing out that Siebern didn't keep the Yankees from getting hits.

# Release Cornell From Hospital

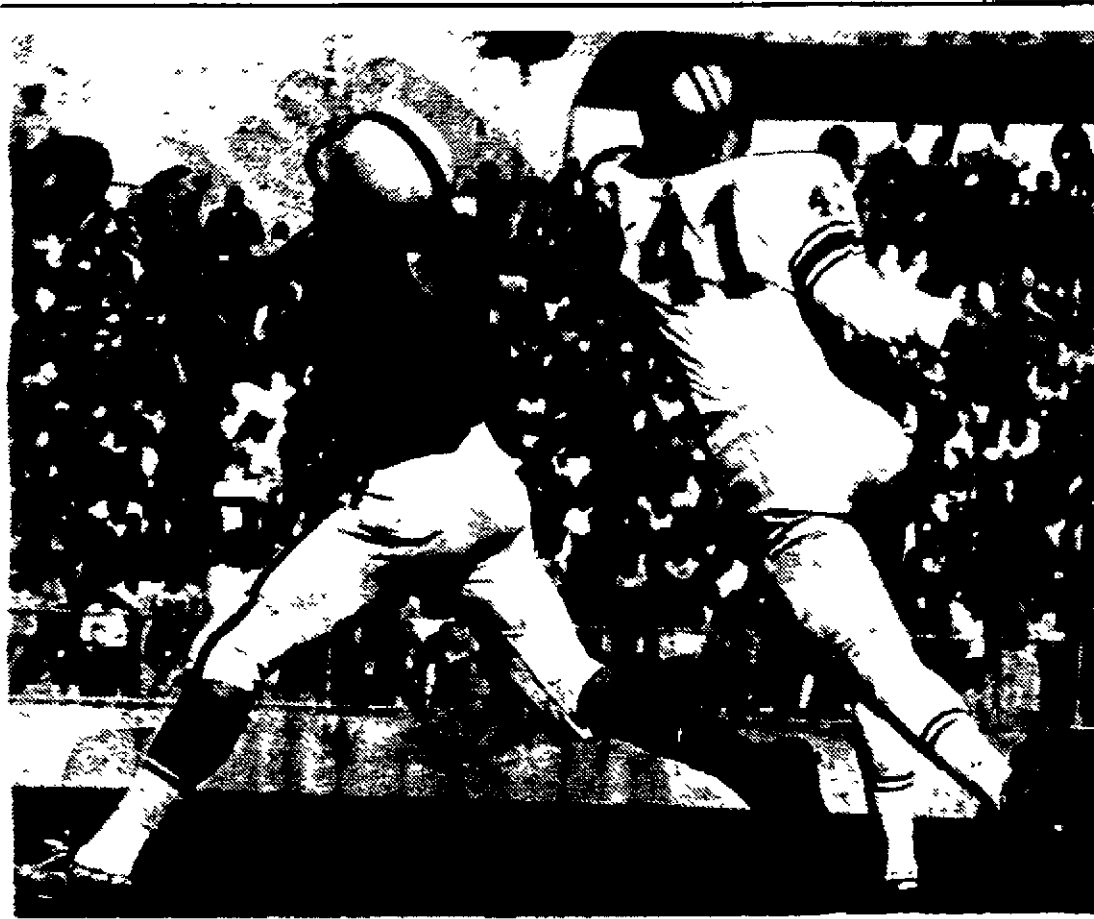

Madison — John Cornell, reserve quarterback for Marquette who suffered a mild concussion in Saturday's football game with Wisconsin, was released Sunday from University hospital.  
Cornell was taken from the field on a stretcher in the fourth quarter.

# Housewife, 30, Swims Round Trip Across Catalina Channel

Long Beach, Calif. — A 30-year-old Long Beach housewife has made an unprecedented round trip swim across the turbulent 22-mile Catalina channel.  
Greta Andersen, former Danish Olympic champion, said today that before the end of her 27-hour swim Sunday she became seasick and cold and was "feeling so sorry for myself I was crying."  
Her next major goal is a non-stop round trip crossing of the English channel, in which she has raced to victory against both men and women for the past two years.

Hollywood, Calif. — Ike Chestnut, 128, Los Angeles, outpointed Jose Luis Coto, 126, Mexico, 10.

# Injury-Weakened Packers Battle Lions to 13-13 Tie

Halfback Terry Barr (41) of the Detroit Lions got his claws close enough to deflect the ball from the hands of Green Bay End Max McGee in the first quarter of Sunday's game in Green Bay. The pass came from Packer quarterback Bart Starr. The Packers and Lions tied, 13-13.

Green Bay — The Packers matched a 1-legged veteran quarterback and a healthy rookie pitcher against the Lions two \$20,000 signalists and came out with a 13 to 13 tie before 32,053 at City stadium Sunday.  
Worse things have happened to the Packers in the last few years... and this knot—the first played by the Bays since a 21-up show against the Bears in Chicago in 1953—indicated that there's nothing wrong with the Packers but what some quarterbacking won't cure.

# Plum, Brown Pace Cleveland To 45-12 Romp Over Steelers

## Rams Post 33-3 Win Over 49ers; Eagles Triumph

The Associated Press  
A pair of sophomores in the pay-for-play ranks — Milt Plum and Jimmy Brown—are threatening to again make the Cleveland Browns the dominant force in the National Football league.

The two youngsters—Plum is 23, Brown 22—have provided Coach Paul Brown's team with an awesome offense comparable to the attack Cleveland was able to mobilize in the days of Otto Graham & Co.

Plum, former Penn State star, passed for two touchdowns and completed 13 of 14 passes for 197 yards Sunday. Brown, an All-America at Syracuse, scored three touchdowns and carried the ball 17 times for 129 yards. The result: the Browns' second consecutive victory, a 45-12 whacking of the Pittsburgh Steelers.

Meanwhile there were a couple of other surprises as the NFL split the second week of the season over two days.  
Saturday night, Baltimore's Colts broke Lenny Moore loose for four touchdowns as they displayed a strong attack in rolling up a 51-38 score over the previously unbeaten Chicago Bears. The Cardinals, usually looked upon as Chicago's

# Spahn Hurlled Amazing Ball, Concedes Stengel

## There's Not Much To Second-Guess In 3-0 Decision

**BY TED MEIER**  
New York — There wasn't much to second-guess about Milwaukee's 3-0 victory over the Yankees in the fourth game at the World Series Sunday.  
There were a couple of ifs. If Norm Siebern's loose play in left field hadn't set up all three Milwaukee runs, and if Yogi Berra hadn't broken stride running to first base in the fourth, the Yankees would have taken a 1-0 lead and things might have been different.  
Actually it is doubtful the Yankees would have averted defeat because of Warren Spahn's amazing pitching.  
The 37-year-old southpaw yielded only two hits.  
Only four Yankees reached base as Spahn pitched one of the best games of his career. In addition to the two hits, he issued two bases on balls.  
He got stronger in the closing innings. After Skowron's single with one out in the seventh, Spahn retired the last eight batters, striking out three.  
"He pitched an amazing game," Yankee Manager Casey Stengel said. "He was better than in the first game (of the series) and did you see those fast balls at the end? He cut down on his walks

from four to two and his hits from eight to two. Amazing." The Yankees threatened.

# Bruhn Says Badgers Had to Be 'Forced' to Look Good

## UW Humbles Warriors, 50-0, Prepares for Unbeaten Purdue

Madison — Wisconsin football Coach Milt Bruhn said his Badgers were complacent "and had to be forced to look good" as they were down and smashed Marquette, 50-0, on Saturday.

"Marquette had a pretty good club and was tough in the first half," Bruhn said Sunday night as he reviewed the game, the second straight victory for Wisconsin. "But the attitude of our team both before and after the game weren't hustling, and when you don't, you usually aren't doing a good job."

"It meant we used the first two teams more than we would have if they had taken command early. We could have used the third team more, but the regulars were just too complacent."

Put on Pressure

As for the Warriors, Bruhn said, "They played real hard and gave us lots of trouble at the start, particularly with a wide defensive formation. But we wore them down."

"When you can put in a third team which has players of 18 aeriels. Hackbart hitting like Paul Shwaiko and Billy and Hobbs, who really played a one touchdown. The junior

signal caller also uncorked the game's most spectacular run, dashing 73 yards for a touchdown with a handoff.

Jon Hobbs scored twice as did Hart. Bill Hobbs and Tom Wiesner each went over once. The Badgers booted two 1-point conversions, passed for three of the 2-point variety, and missed twice.

Passes to Hart

A 29-yard pass from quarterback Sid Williams to Hart produced the game's first touchdown in the first quarter. A one-yard plunge by Jon Hobbs gave the Badgers a second in the second period, and Hobbs went over from the 12 with a lateral from Steiner after a 10-yard pass from Hackbart before the half ended.

Hackbart's 73-yard dash got Wisconsin off with a rush in the second half and Hart scored on a lateral from Williams on a play that covered 28 yards before the third period ended.

Wiesner plunged from the one in the fourth period and after that Bill Hobbs dashed 36 yards with a lateral from Shorty Young to end the scoring parade. Jon and Bill Hobbs are brothers.

The first Wisconsin touchdown was set up on Wiesner's interception. Others to grab a Marquette toss were Hackbart, Billy Hobbs and Young. Hackbart killed Marquette's biggest threat with an interception in the end zone after the Warriors had reached Wisconsin's 15 in the second period.

Quarterback Pete Hall threw 20 of Marquette's passes, completing six for 20 yards. Frank Reginelli led the Warriors on the ground with 25 yards in seven attempts.

but Touzey grabbed up the ball and went 59 yards over the goal line. The play was called back where the official ruled the whistle had blown when Schuler was hit.

Blocks Punt

Late in the first period, Keith Verstegen broke through the Zephyr line to block a punt and recover it on the St. Mary's 21. This opportunity also went for naught as Norm Brown intercepted a pass in the end zone.

Schuler's touchdown for the Dutchmen came shortly after the second period opened. It was set up on a march that saw Touzey and junior Ed Hammen doing most of the ball carrying. A first down by inches on the five was all St. John needed as two plays later Schuler went over. Hammen split the uprights with a boot from placement.

St. Mary's started a drive of their own in the third period. With Brown and Balthozra doing the major share of the ball carrying, the Zephyrs moved from their own 38 to the St. John 20 where the defense stiffed and a fourth down pass was batted away from Lee Miskinski in the end zone.

With the game in its waning moments Gary Batley fired a strike to Brown that put the ball on the St. John 32. Balthozra then lugged it to the 20 in two plays and on third down the 15-yard penalty was marched off that set up the St. Mary score.

## Figuring the Series One of 12 Pinch-Hitters Has Reached Base—He Walked

BY BEN OLAN

New York — For all the good they've done, the series pinch-hitters could just as well have remained on the bench. None among the 12 pinch-hitters used has hit safely. Only Enos Slaughter of the Yanks reached base—on a walk in the third game.

Warren Spahn's shutout was the first by a left-hander in the series since Johnny Podres of the Dodgers beat the Yanks, 2-0, in the seventh game of the 1955 classic.

After getting two hits in his first three tries in the opening game, "Yogi" Berra of the Yankees has gone hitless in 12 consecutive times at bat and his average has dipped to .133.

The Pittsburgh Pirates of 1925 were the only team to have won a 7-game series after dropping three of the first four games. And to accomplish the feat, the Pirates had to overcome a 7-6 Washington lead in the final contest with three runs in the eighth inning off Walter Johnson.

Hank Aaron's two hits in Sunday's game gave the Milwaukee outfielder 16 safeties in two series and an over-all percentage of .372. Included are two doubles one triple and three homers.

Shortstop Johnny Logan of the Braves handled 59 chances without a miscue in 1957 and has 21 so far this year.

The Yankees are batting .168 as a club. The record low for a five game series is .161 by the Philadelphia A's in 1905.

Emphasizing the Braves' fine team effort is the fact that they've batted in 19 runs and no player has more than three RBI's. Hank Bauer has driven in seven of New York's 12 runs.

Ripon's football Redmen humbled previously highly-rated Grinnell, 42-0, Saturday and pulled into a tie for second place with Carleton in the Midwest conference.

Unbeaten Coe took over the undisputed lead by handing Carleton its first loss, 14-0.

In other games Saturday, Knox beat Monmouth, 20-12, and St. Olaf turned back Cornell, 13-8. Lawrence was idle.

Grinnell held Ripon to a single touchdown in the first half of the game at Ripon, but the Redmen exploded for three touchdowns in the third period and two in the fourth quarter.

Dave Smith and Dick Celichowski scored twice for Ripon while Dick Montonati and Bob Osiewalski each went over once. Curt Duecker booted all six conversions.

broke away on a 49-yard scoring run.

The Green Knight pass attack also functioned well as Ron Newhouse, the leading passer last week among small college players, completed eight aeriels for 73 yards.

## East JVs Tip Terrors, 6-0

Appleton Just Short of Tying TD at Game's End

The Green Bay East junior varsity football team scored a 6-0 win over Appleton here Saturday for the Red Devils' first win in three Fox River Valley conference JV starts.

The winners tallied midway through the second quarter on an 8-yard pass from quarterback "Butch" Pokorney to end Ron Misco. The TD play was set up when East recovered an Appleton fumble on the AHS 15.

The Terrors just missed pulling out at least a tie in the closing minutes. Appleton linebacker Kent Anderson recovered an East fumble on the visitors' 40, and, with passes paying the way, the Terrors moved to the Green

Bay 2-yard line when time ran out.

An end, Stan Baehman, and a halfback, Rich Emerich, shared quarterbacking duties for Appleton in the absence of regular Dick Bloomer who missed the game with a broken blood vessel in his leg.

Baehman gained 38 yards in seven carries while halfback Dennis Garvey picked up 40 in nine carries for the winners.

badly injured Bart Starr, the last of the Bays' two season-old quarterbacks. Starr was practically ruled out of action when he re-injured his ankle in practice Saturday and he stayed on miraculously until he gambled on a fourth-down quarterback sneak with 5:12 left in the game. and fumbled to Detroit after gaining seven yards on a run. That fumble and recovery by Gil Mains on the Packer 17-yard line threatened to give the game to the Lions but three plays later—with 1:14 left—Carlton Massey recovered Gene Gorman's fumble on a third down play that was undoubtedly designed to precede the Lions' "winning" field goal boot. The Packers then ran out the clock, trying to move, and the game ended with Mack McGee's fourth down punt.

The Packers got into Detroit territory only once in the second half and then missed a 37-yard field goal by Paul Hornung. Ironically, that "field goal" would have been the difference: the Lions' Jim Martin missed two 3-pointers in the second half—from the 33 and 15.

Hornung booted two field goals, giving him four in two games—in the first half. His first, from the 15, gave the Bays a 3-0 edge at the 12:43 mark of the opening quarter.

**Hornung Boots Pair**

Hornung booted two field goals—giving him four in two games—in the first half. His first, from the 15, gave the Bays a 3-0 edge at the 12:43 mark of the opening quarter.

Rote hurled a 65-yard touchdown pass to Jim Doran but Layne's try for the point was low into the line. The Packers made it 10-6 on Starr's 40-yard shot to McGee plus Hornung's extra point, and just before the half the Packer scoring ended for the day with Hornung's 20-yard field goal.

An interception of a Starr pass and an unsportsmanlike conduct penalty set up the Lions' tying touchdown from when he saw the ball fall. He began running hard from the left side of the line. Ken Webb gove into first base, but over Schoendienst's whiplike throw just beat him. Spahn never was in danger thereafter.

The defenses were murder

all afternoon. Joe Schmidt of the Lions played a spectacular game, getting most of Detroit's tackles. And the play of Ray Nitschke in the Bear game was no flash in the pan—he was just as tough Sunday and hit John Henry Johnson so hard early in the first quarter that J.H.J. was practically useless the rest of the day.

The Packers lost Bill Forester early in the second quarter and Dan Currie, getting his first real shot, performed well. When Forester went out, the Packers had three "new" men as linebackers, Nitschke, Currie and veteran Massey who is playing the position the first time this year.

**Rolls Up 322 Yards**

Green Bay's offense rolled up 322 yards, which doesn't match the 13 points, against Detroit's 283. The Lions had an edge in passing, 250 to 208, and 65 of Detroit's air yards came on the long touchdown pitch. There was no comparison in rushing, 114 to 33, while the Bays also had an edge in first downs, 15-13.

The Packers had extreme difficulty offensively in the second half. They made only four first downs in the second half (against 11 in the first), 66 yards rushing and only 30 passing on five completions.

Starr never could get much leverage due to his gimpy ankle and it was troublesome for him to throw, much less maneuver for running. Bark found up with 19 completions in 31 attempts for 196 yards.

**Spahn Stops Yankees, 3-0**

CONT FROM PAGE 6

Mickey Mantle, who had come over, take it. Neither did the ball rolled between them for a triple. Shortstop Tony Kubek's error of Johnny Logan's grounder scored Red with the Braves' first run.

In the seventh, after a walk and Andy Paik's double had put Milwaukee runners on second and third with one out. Spahn blooped a fly to short left. Siebern hesitated, charged in, and stopped. The ball dropped at his feet for a run-scoring single.

In the eighth, Logan sent a routine fly to left. Siebern flipped down his sun-glasses and lost the ball altogether.

The ball hopped past him into the left field boxes for a two ground rule double. Eddie Mathews followed with a double off the right field scoreboard, scoring Logan with run No. 3.

In the meantime, Spahn simply mesmerized the Yankee hitters. Mickey Mantle, with a tremendous 425-foot triple in the fourth, and Bill Skowron, with a single in the seventh, were the only batters to fathom his delivery. The 37-year-old southpaw, who called it the best game he had pitched all year, walked two and struck out seven. He appeared stronger at the finish, getting the last nine men.

"Yogi" Berra Plows Through Dirt on his frontside in a vain effort to reach first base ahead of the ball in the fourth inning of Sunday's World Series game. The Yankee catcher smacked a hard drive which was knocked down by Milwaukee second baseman "Red" Schoendienst, who recovered the ball quickly and threw out Berra by an eyelash. Milwaukee first baseman Joe Adcock (9) received the peg. The Braves won, 3-0.

# Roommates Spahn, Burdette Make Beating Yankees a 2-Man Job

BY WILL GRIMSLEY

New York—A year ago, Warren Spahn and Lew Burdette pitched the Milwaukee Braves to a World Series championship over the New York Yankees.

Spahn, a 37-year-old left-hander, won one, and Burdette, 31, a righthander, won three.

Today Burdette goes out to try to wrap up another series Spahn already has beaten the Yankees twice. Burdette is shooting for No. 2 today.

"My roommate will finish it up today," says Spahn, who pitched a magnificent 2-hit shutout Sunday.

"If Spahn says so, that's right," quip Burdette.

**Greatest Delight**

The two Braves get their greatest delight in whipping the mighty Yankees. Next to that, they derive their pleasure from berating each other.

"Certainly we're roommates and good friends," says Spahn, "but as a result of this competition, I think we're good for each other."

In 1957 Warren and Lew set a goal for themselves—a total of 45 victories between them. Spahn won 22, Burdette 20, counting the series, so they fell three short.

Undaunted, they fixed the 1958 goal at a flat 50. For the regular season, Spahn won 22 and Burdette 20 for 42. Even should they get their four in the series they would still be four behind the mark.

"We'll up our aim next year," says Burdette.

Burdette, a tobacco-chewing West Virginian who now lives in Sarasota Springs, Fla., is a jesting, loud-talking extrovert. He never is at a loss for words. He is quick with wise cracks.

**More Reserved**

The tall slender Spahn, from Hartshorne, Okla., via Buffalo, N. Y., is more reserved and more subtle, but through long association he has learned to match his teammate with friendly barbs.

The two Yankee-killers kid each other on their respective prowess but seldom talk about

go's poor sisters, upset the Washington Redskins, 37-10.

In other Sunday action, Philadelphia defeated favored New York, 27-24, Los Angeles belted San Francisco, 33-3, with the 49ers' Joe Perry setting a career rushing record, and Detroit and Green Bay played a 13-13 tie.

Cleveland was so superior that Plum and Brown sat out the final quarter. Plum's TD passes went to Pete Brewster on an 8-yarder and to Bob Mitchell, for 21. Brown notched his scores on runs of 23, 59 and three yards.

The Colts struck for three touchdowns in the first six minutes to knock off the Bears, undefeated in six exhibitions and the league opener.

San Francisco's Perry gained 44 yards, surpassing Steve Van Buren's lifetime mark by 17 yards. Perry now has rushed 5,877 yards in a 9-year career.

## Earl Hoffman Fires 653 Set

Count Includes 250 Singletons; Wittwer Hits 605

Earl Hoffman accounted for the highest scores of the Sportsman's Bowling league season in that circuit's most recent session at Hahn's.

Hoffman boomed a 653 series—which also ranks as sixth high in all Appleton keeping this season—and included a 250 game in the output.

Dave Wittwer fired a 605 series, including a 234 line. Quality Packers (11-4) had its first place lead over Wittwer dairy cut to one game.

Don Frank's 580 series paced the latest Craftsman league session at the Elks. Carl Enger was high in the singleton category with a 225. The Bears (8-4) lead the circuit by one game.

Roger Brandt led Tap-A-Keg league scoring at the Barn Tavern with a 572 triple. Bill Van Boxel accounted for the top line—235—and finished with 559. Heinie's (8-4) won three times to take over the sole lead.

Other leading scores: SPORTSMAN'S: Elroy Plamann 556, Ron Breitrick 537, Ted Radtke 570. TAP-A-KEG: Jerry Wilhelm 564, Bob Kirk 568, Dick Gruesbeir 570.

# Irish and Army Collide in Big Game Saturday

Oklahoma Gets Score, Meets Texas Next

By the Associated Press  
Notre Dame and Army meet for the last time in their current series Saturday, and it couldn't be a more important farewell.

Both teams have set this year as the target date for a high spot in the national rankings and both, so far, have showed they mean it. Army is ranked No. 5 in the Associated Press poll and Notre Dame No. 7. No one at either Army or Notre Dame appears ready to say when—if ever—the series will be resumed. Notre Dame beat SMU, 14-0, over the weekend.

Army beat Penn State, 26-0, Saturday, doing all its scoring in the first half. Coach "Red" Blaik apparently didn't want the Irish scouts to see too much, so the wraps were placed over the Cadets in the second half.

Sooners Have Scare  
Oklahoma No. 1, had a scare, winning by 6-0 against Oregon, one of the top defensive clubs in the country.

This week the Sooners take on Texas, the lone undefeated team in the Southwest conference. The Longhorns whipped Texas Tech last week.

There are a couple of potential upsets down for Saturday when Michigan State plays Pitt and Iowa goes against Indiana.

The Spartans are advertised as being the No. 1 threat to Ohio State in the Big Ten (they don't play each other). But they could do no better than a 12-12 standoff against Michigan in their last outing.

Pitt, which dearly would love to win the Eastern title, had no easy time against Minnesota (13-7). The Panthers have a rough schedule including both Army and Notre Dame. Even if they don't win, this one will toughen them up for the big ones to come.

Held to Tie  
As for Iowa, another Big Ten topnotcher and rated No. 8 in the AP poll, the Hawkeyes were held to a 13-13 tie by the Air Force Academy.

Iowa has a date with conference foe Indiana, which turned back tough West Virginia, 13-12.

Auburn, ranked second to Oklahoma and the national champion last year, plays Kentucky. The Tigers whipped Chattanooga, 30-8, and appear too tough for Kentucky.

Third-rated Ohio State, which had its worries with

## Area Bowling Holcomb Slams 275 Singleton

Darrell Holcomb bombarded a 275 hae and finished with a 625 series to pace the Sherwood Couples Bowling league at the Miller alleys. In his sizzling singleton, Holcomb fired five strikes, in the took a spare, then finished with six more strikes.

Marion Horn led feminine scoring with a 537 triple.

At Leisch's alleys, Freedom Frank De Jong took honors with a 601 series. His best game was a 236.

Game honors—at 242—went to R Krause Norm Laubenstein had a 557 series.

Washington, 12-7, tangles with Illinois, which lost to Duke, 15-13. This, too, could be close.

## Robbins Wins Seniors Title

Pebble Beach, Calif. —  
The new National Seniors golf champion is Tom Robbins, 65-years - young from Pinehurst, N.C.

He defeated veteran Johnny Dawson former California Amateur champion from Palm Desert, Calif., in the tournament finals here Saturday, 2 and 1. Dawson, 55, was the pre-tournament favorite.

In winning the oldest amateur crown, Robbins carded a par 35 going out and was one under par up to the seventeenth coming in.

The National Seniors is open to golfers 55 and older.

## Stengel Says He Has Appointment to Study Air Currents in Left

New York —  
Yankee Manager "Casey" Stengel was striding swiftly through press headquarters after Sunday's World Series game when a reporter looked up from his typewriter and exclaimed: "Wait a minute. 'Casey,' there are some questions I want to ask you."

"Can't" said "Casey." "I have an appointment." "What appointment?" "To study the condition of air currents in left field." "Casey" retorted over his shoulder.

## Coppers Pace Stock Rise

Steels, Airlines Also Good as Markets Push Higher

New York —  
The stock market continued a rush into new record ground in heavy trading early this afternoon.

Coppers, steels, airlines, some motors and chemicals set the pace.

Leading stocks gained fractions to a point or more. Selected issues made wider gains.

Predictions of even higher copper prices, the inauguration of the commercial jet aircraft age over the Atlantic, continued good prospects for the steel industry and a variety of encouraging reports on the economy and specific companies accompanied the rise. The market was resuming its vigorous advance of last week to a string of historic peaks. Magma was outstanding in

the copper group, jumping more than three points. Ken-becott was ahead about two ter. Royal Dutch was ahead and Anaconda and Interna-about a point.

Skelly says:

# "You start or we pay.. under our Guaranteed Starting Plan"

See your Skelly dealer for full details... find out how Skelly protects you all winter long against service charges to get your engine started:

Here's what your Skelly dealer will do to get your car ready for our Guaranteed Starting protection:

1. Drain your oil and refill with Skelly Supreme or Tagolene HD Motor Oil in the correct grade for winter driving in this area.
2. Drain transmission and differential and refill with guaranteed Skelly lubricants recommended for winter driving. (No change required for automatic transmissions or differentials with no drain plug.)
3. Test battery. All cells must register not less than 2.09 on open circuit voltage meter, or 1.250 on mechanical hydrometer.
4. Test radiator for anti-freeze. Put in enough Skelly Premium or Prestone anti-freeze to protect cooling system for temperatures in your area.
5. Fill your tank with Skelly Regular Gasoline.

line or Skelly Supreme with Keotane, either of which must be used throughout guarantee period to keep guarantee in effect. (Naturally, we cannot guarantee the starting qualities of other brands of gasoline.)

You'll drive out with your Guaranteed Starting Certificate — confident that your winter starting problems are over!

And they should be. That's how confident we are of guaranteed Skelly products. If, however, your engine should fail to start any time between now and April 1, 1959, just call your nearest Skelly dealer. If he is not available, call your nearest reputable garage. We'll pay for the service call, under the terms of our Guaranteed Starting Certificate.

See your Skelly dealer now for full details. Let us take the worry out of winter starting for you.

Which of these 2 gasolines does your car need? Both are "tailor-made" for fast starting in any weather. But Skelly Supreme gives you extra assurance of fast winter starting because of Keotane. Keotane "unplugs" dirty carbon and lead deposits to get spark plugs Keotane-Clean. You get Keotane-Clean "Hot Spark" starts morning after morning, all winter long.

only **Skelly** has Keotane. for "Hot Spark" Starts

Note to Skelly Credit Card holders: If you need snow tires, a battery, etc., use your Skelly Credit Card and take up to 6 months to pay. If you do not have a Skelly Credit Card, ask your Skelly dealer for an application.

# Bigger Engine, More Room in New Imperial

Has Lower Floor,  
Higher Seats, Rear  
Air Suspension

Increased passenger room  
and a more powerful engine  
are featured in the 1959 Chrysler Imperial.

The auto goes on sale on  
Oct. 24.

New and optional features  
include a stainless steel roof  
for hardtop models, swivel  
front seats, rear air suspen-  
sion, a rear view mirror that  
electronically adjusts itself to  
button controlled heater air  
conditioning unit and an elec-  
tronically controlled headlight  
beam changer. The instru-  
ment panel has been re-  
designed.

An automatic driving de-  
vice, introduced last year,  
will be available in 35 per cent  
of this year's models.

Passenger room has been  
increased by a lower floor and  
higher seats.

A new frame and the lower  
floor have resulted in a lower  
automobile. Twin dual head-  
lights are placed low in front.  
The car is powered by a 350  
horsepower V-8 engine.

The 1959 model retains push-  
button automatic transmis-  
sion. Control buttons are placed  
vertically along the right-  
hand edge of the instrument  
panel.

The 1959 series is offered in  
10 models in 18 color combina-  
tions. Fabric and upholstery  
designs are in leather, wool,  
broadcloth, nylon, metallic  
nylon and vinyl.

## Tensions Develop Between Churches

Chicago — Tensions are  
increasing between represen-  
tatives of old-line established  
churches and newly-formed  
churches and congregations in  
Asia and Africa, missionaries  
good start toward being a suc-  
cessful investor. Those U.S.  
Chicago seminar. But, they  
added, the new churches still  
need help from abroad.

The 1959 Imperial Sedan is one of four body styles produced this year. It has a 350-horsepower engine. The model comes in 2-door and 4-door hardtops and convertibles. Passenger room has been increased by a lower floor and higher seats.

## The Investor

# Young Businessman Should Look For Long-Term Profits in Stocks

BY WILLIAM A. DOYLE

Q. I am a businessman,  
29, married with three young  
children. Until several months  
ago, I never

owned any se-  
curities ex-  
cept U. S.  
bonds. Then,  
on the advice  
of my account-  
ant, I opened  
three monthly  
investment  
plan accounts  
with a New  
York stock exchange firm and  
am accumulating stock in In-  
ternational Business Ma-  
chines, Minnesota Mining and  
Manufacturing and Polaroid.

I now have another \$1,500  
to invest and my accountant  
suggests I buy Dennison  
Manufacturing Class A stock,  
which is listed on the Ameri-  
can Stock Exchange. What is  
your opinion?

A. Although you don't come  
right out and say so, it's obvi-  
ous you are a successful busi-  
nessman. And you have a suc-  
cessful investor. Those U.S.  
bonds you hold (at least, I  
hope you still hold them)

show that you are going about  
want to turn a fast profit with

stocks. I'm sure you realize Don't depend on him to plan  
that. Polaroid, of course, is all your investments for you.  
considered the riskiest of the self. There's no reason why  
go as well for the company in the future as they have in the  
past, this stock may continue business.

No Growth Appeal

Considering your previous not to borrow money to buy  
moves into the market, it's stocks. Well, four months ago  
unusual that you should be I took a \$3,000 loan on my  
considering Dennison Manu- life insurance policy and  
facturing. Not that there's bought stocks with that mon-  
anything wrong with that ey. Today, those stocks are  
stock. The company has a worth more than double what  
good record and the stock has I paid for them.

I guess I'm just lucky.  
A. Lucky is a mild word.  
If the friend. You bought at a time  
when most stocks were rising.

## Reduce Blood Flow

# Occluded Neck Arteries Cause Strokes, Doctors Say

Chicago — A large percent-  
age of strokes are caused by  
obstructions in the arteries of  
the neck, three Texas physi-  
cians said today.

The obstructions, frequently  
resulting from hardening of  
the arteries, reduce the flow  
of blood to the brain, produc-  
ing the symptoms of stroke—  
weakness, loss of speech and  
the ability to understand, vi-  
sual disturbances, and mental  
dullness.

Other possible causes of  
stroke are blood clots, capil-  
lary hemorrhage, or blood  
vessel spasm in the brain.

Careful diagnosis of the  
cause of the stroke must be  
made in order to decide the  
proper treatment. Occlusions  
in the neck arteries are readi-  
ly diagnosed through the use  
of x-ray.

Direct Attack  
Since the obstructions lie in  
the neck, they can be treated  
by "direct surgical attack,"  
according to the doctors.

Writing in the current Jour-  
nal of the American Medical  
association, they said the sur-  
gery may take the form of ac-  
tual removal of the obstructed  
part of the artery or the crea-  
tion of a grafted by-pass  
around the occlusion.

Since surgery on 43 patients,  
signs suggestive of impend-

ing stroke have cleared in all  
patients, and episodes of re-  
current strokes which had oc-  
curred in 14 patients before  
operation have not recurred in  
any patient, the doctors said.

plan should sit down with a  
good insurance man and have  
all the facts explained. It's a  
complicated situation. And, in  
my opinion, it should only be  
used by people who are well  
off financially.

I say it's a mistake for the  
ordinary person of limited  
means just to go out, take a  
\$3,000 loan on an insurance  
policy and buy a bundle of  
stocks—no matter how lucky  
you happen to be.

New Haven, Conn. — (AP) —  
For weeks members of the  
Colony Beach club had show-  
ers that seemed to "fizz."  
Finally it was discovered that  
a valve in the club's carbonat-

lowing carbon dioxide gas to  
escape into the water system.  
Now members are showering  
with plain old wet water.

# Helps keep utensils mirror-bright

# ELECTRIC cooking is clean

Your kitchen utensils stay bright without scouring—your kitchen  
walls, woodwork and venetian blinds require less washing and  
care — when you cook electrically. Electric heat is as clean as  
electric light and is transferred to utensils by direct contact for  
maximum cooking speed and efficiency. Electric ovens are designed  
to eliminate waste heat and keep cooking vapors to a minimum.  
Electric cooking is not only clean — it's fast, accurate, cool and  
modern. See your electric range dealer soon. Electric cooking is  
one of the nice things about living better electrically!
